MICKEY MOUSE

Fantasy Island (Part 2)

Mickey, Minnie and Goofy are on a tropical island... Mickey is exploring alone, day-dreaming about reptiles, aliens and pirates, and wishing Minnie was more adventurous. Meanwhile, Goofy goes off to play cards with a talking comic-book fish while Minnie goes looking for Mickey! She'll have to hurry - his day-dreams have come to life and have turned into *nightmares!*

All right, do your worst! I'm **ready** for you!

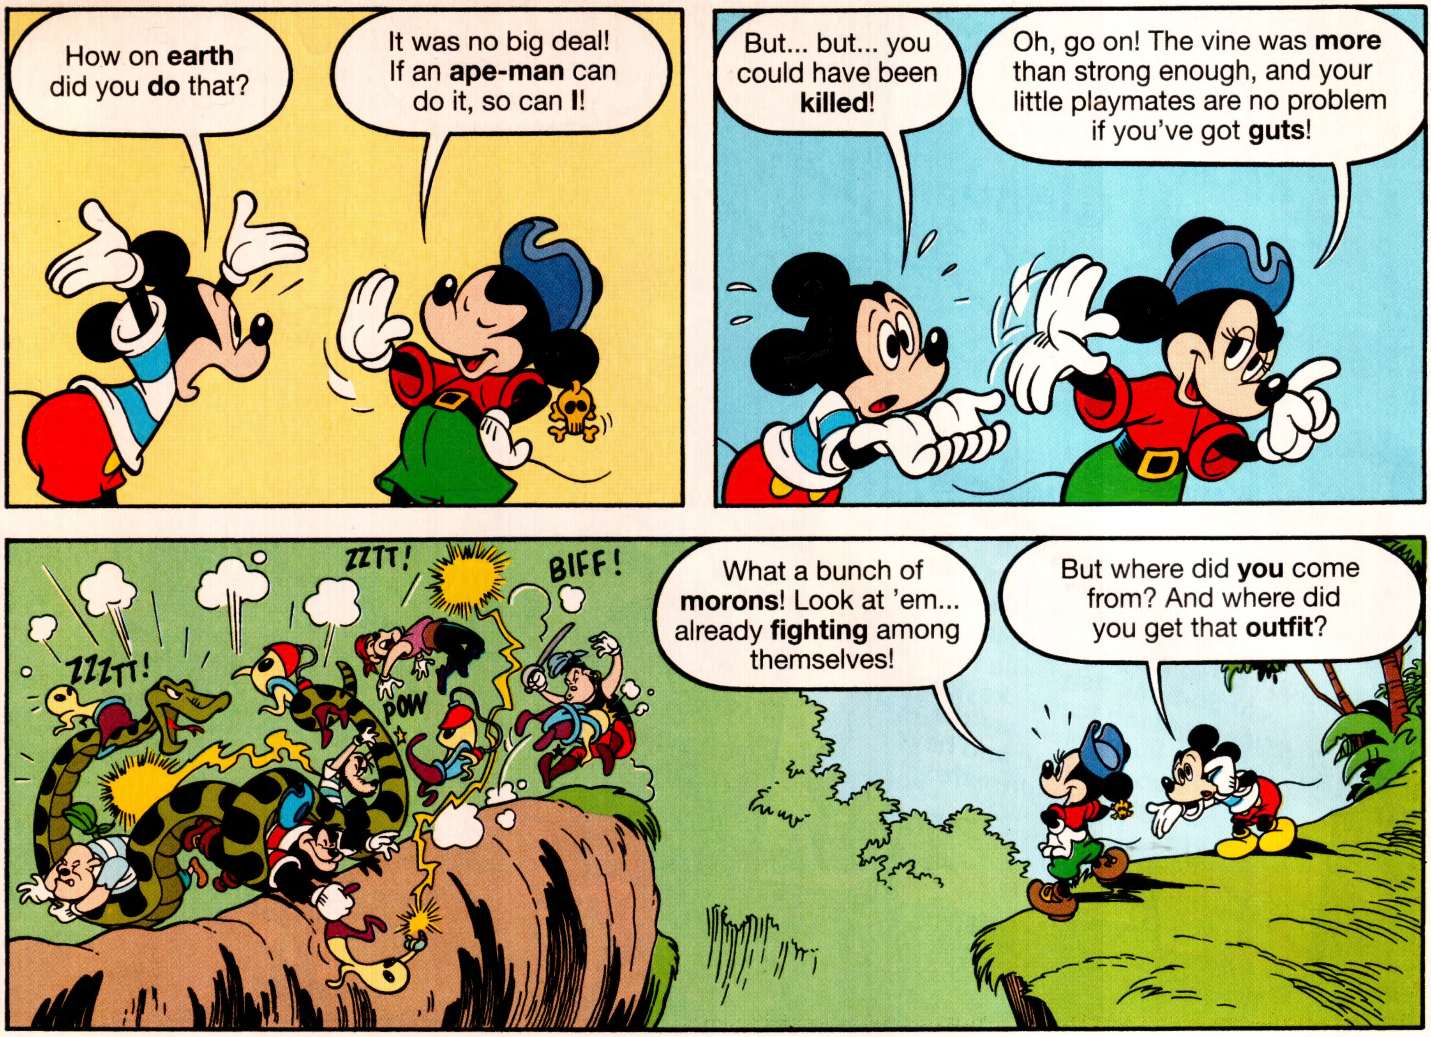
?

!

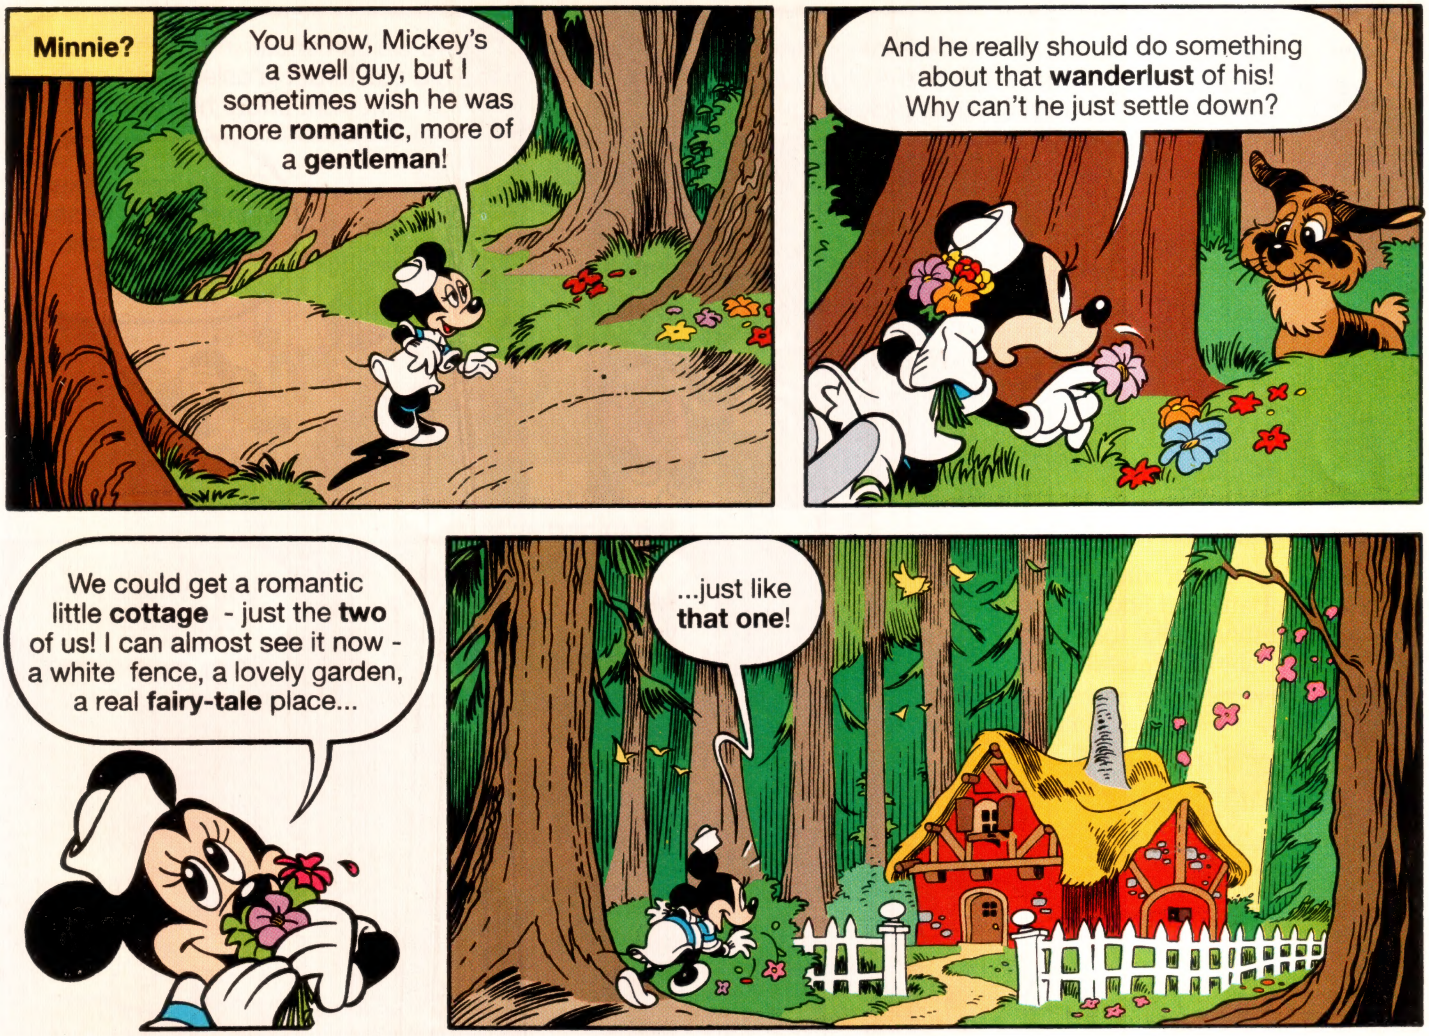
(Oof!) Thanks for the rescue, mister... mister...

(Gasp!) **Minnie!**

Who were you expecting - the **Scarlet Pimpernel**?

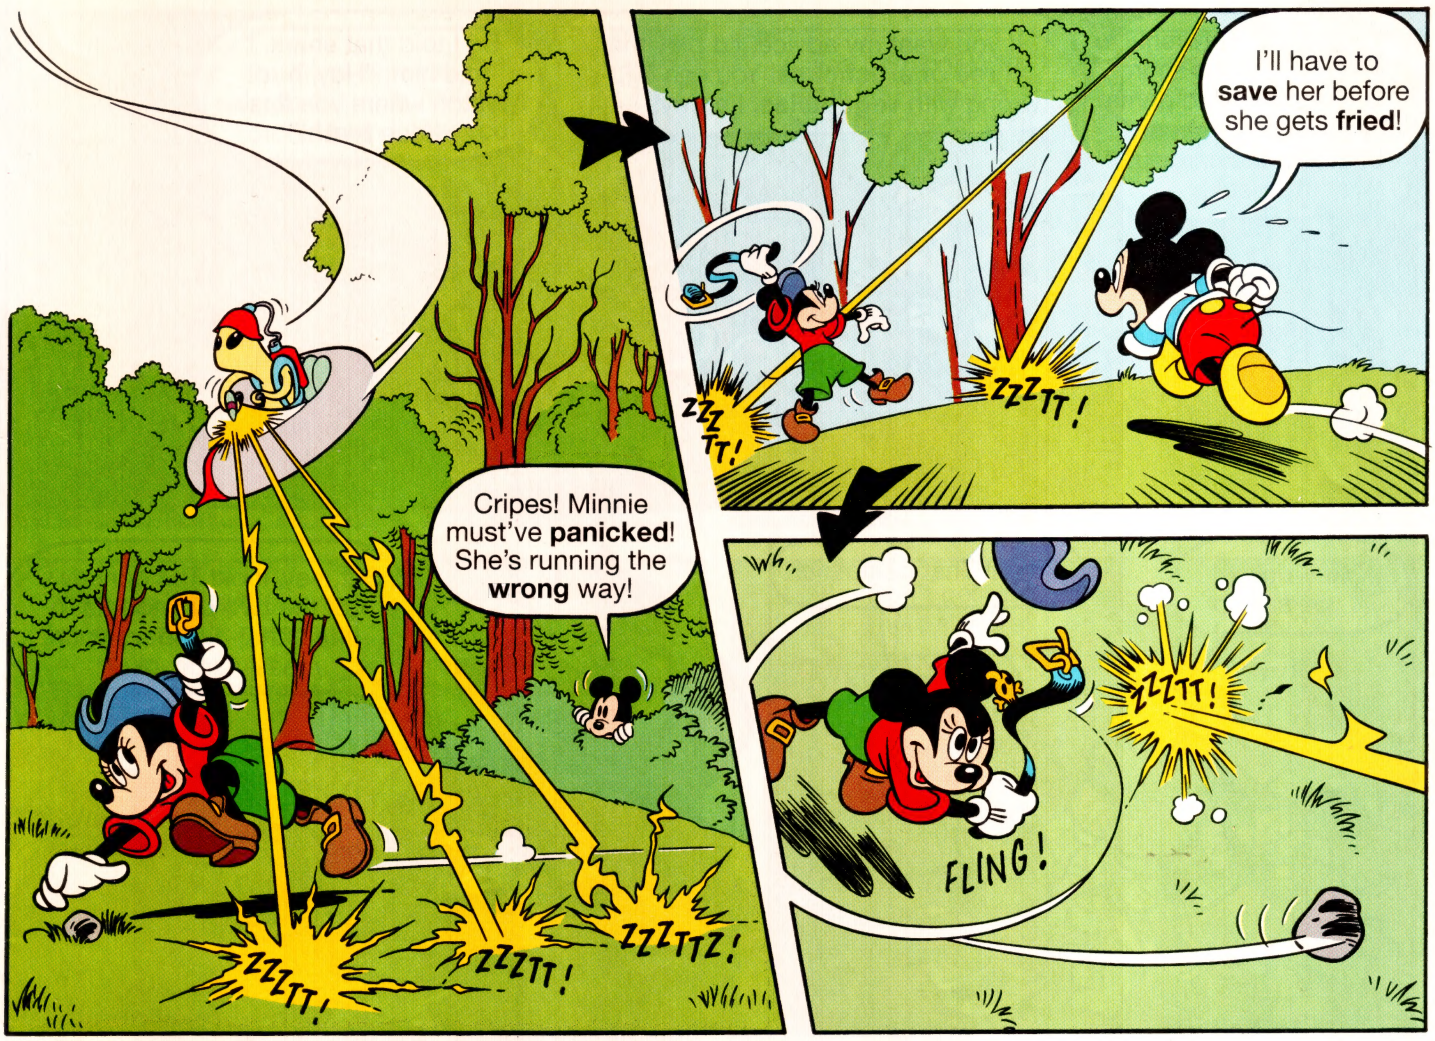


How on **earth** did you **do** that?
It was no big deal! If an **ape-man** can do it, so can **I**!
But... but... you could have been **killed**!
Oh, go on! The vine was **more** than strong enough, and your little playmates are no problem if you've got **guts**!
ZZTT!
BIFF!
ZZZTT!
POW
What a bunch of **morons**! Look at 'em... already **fighting** among themselves!
But where did **you** come from? And where did you get that **outfit**?
From **Peg-Leg Pete**! The big dope's in **love** with me, you know — wants to **marry** me!
Why, that no-good —!
But I zapped him when he tried to **kiss** me! Made off with a good part of the **treasure** too!
SMACK!
Come on! I'll **show** it to you!
But... but...
Minnie?

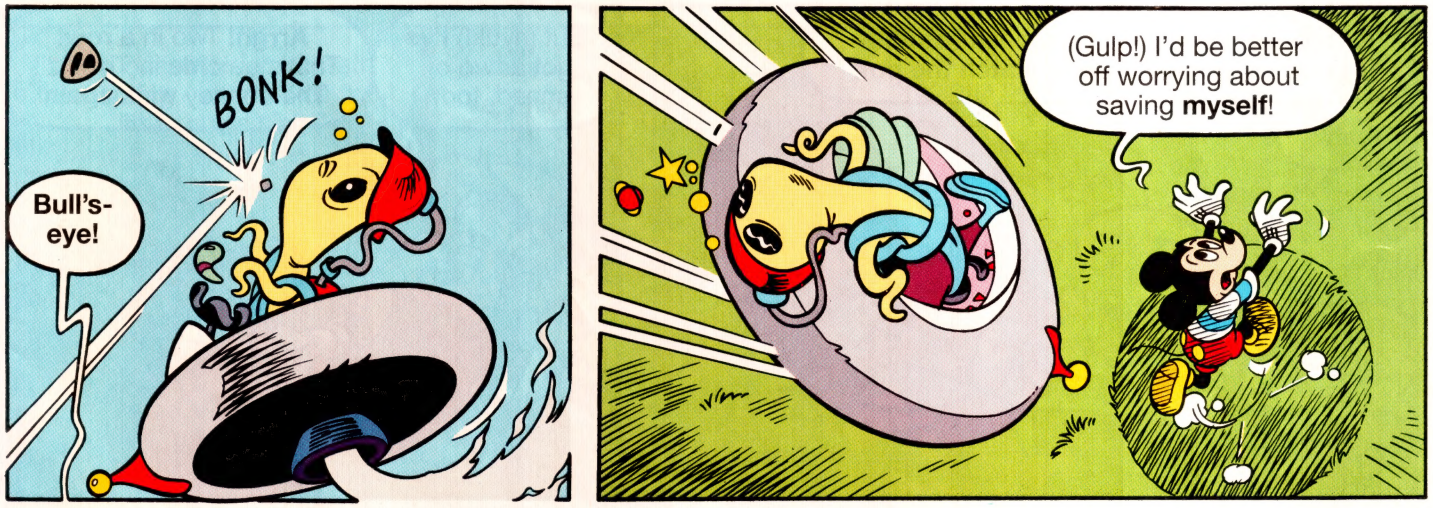


Minnie?
You know, Mickey's a swell guy, but I sometimes wish he was more **romantic**, more of a **gentleman**!
And he really should do something about that **wanderlust** of his! Why can't he just settle down?
We could get a romantic little **cottage** - just the **two** of us! I can almost see it now - a white fence, a lovely garden, a real **fairy-tale** place...
...just like **that one**!
I know I shouldn't bother them, but I'd **love** to see what kind of people live in such a **charming** little place!
KNOCK! KNOCK!
Mickey!
Minnie! You're just in time for lunch!
I've prepared a **romantic** candlelit meal just for the two of us!
SMOOCH!
It's nothing much, really — just a little **gourmet** snack I whipped up!
Mickey?

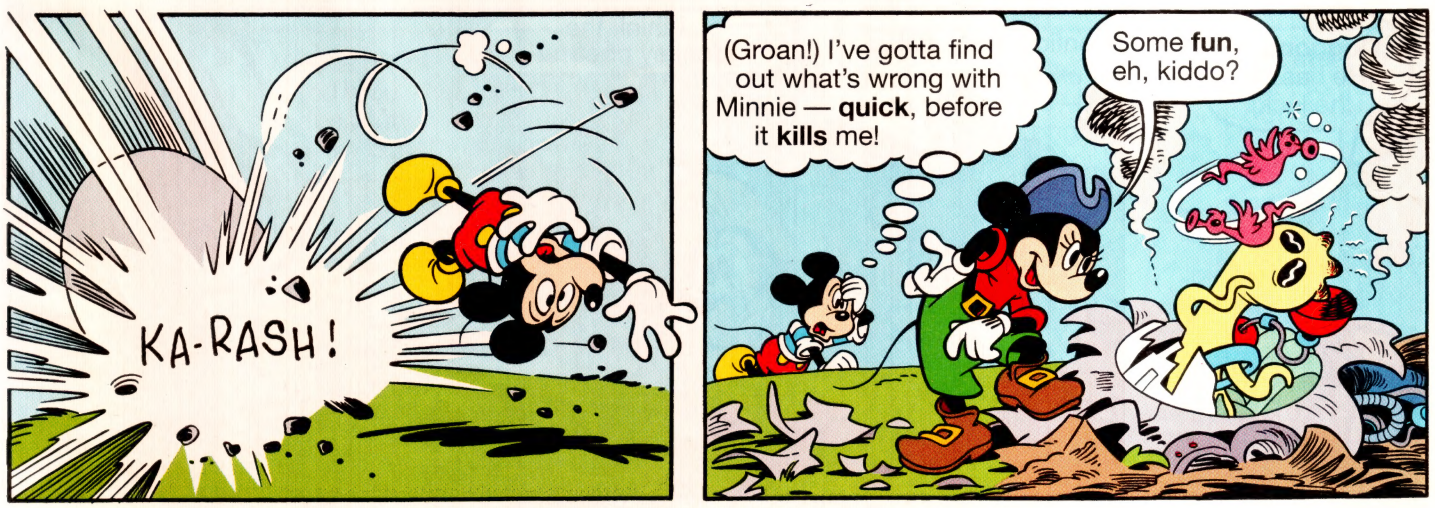
Huh? Who? What?
This is only the beginning! Pete's got a **cave full** of the stuff, just **begging** to be picked up!
I figure we can sneak in tonight when the old cut-throat is asleep and **grab it** right from under his nose!
Oh, for gosh sakes, Minnie! Pirate treasure or not, it's still **stealing**!
Besides, it's too **dangerous**! We'll be better off finding **Goofy** and getting **off** of this crazy island! **Please**!
For crying out loud, Mickey! What's got **into** you? Where's your spirit of **adventure**?
What's got into **you**? Where's your **common sense**?
Oh, very well, Mr. Party Pooper! We'll do it **your** way! We'll go find **boring** old Goofy!
Now you're talking!
There's **definitely** something wrong with Minnie! Maybe she hit her **head** when she was captured by Pete?
And **then** we'll go after Pete's treasure! It's a challenge I just can't resist!
Omigosh, Minnie...
...**hit the dirt** before he gets a **bead** on us!



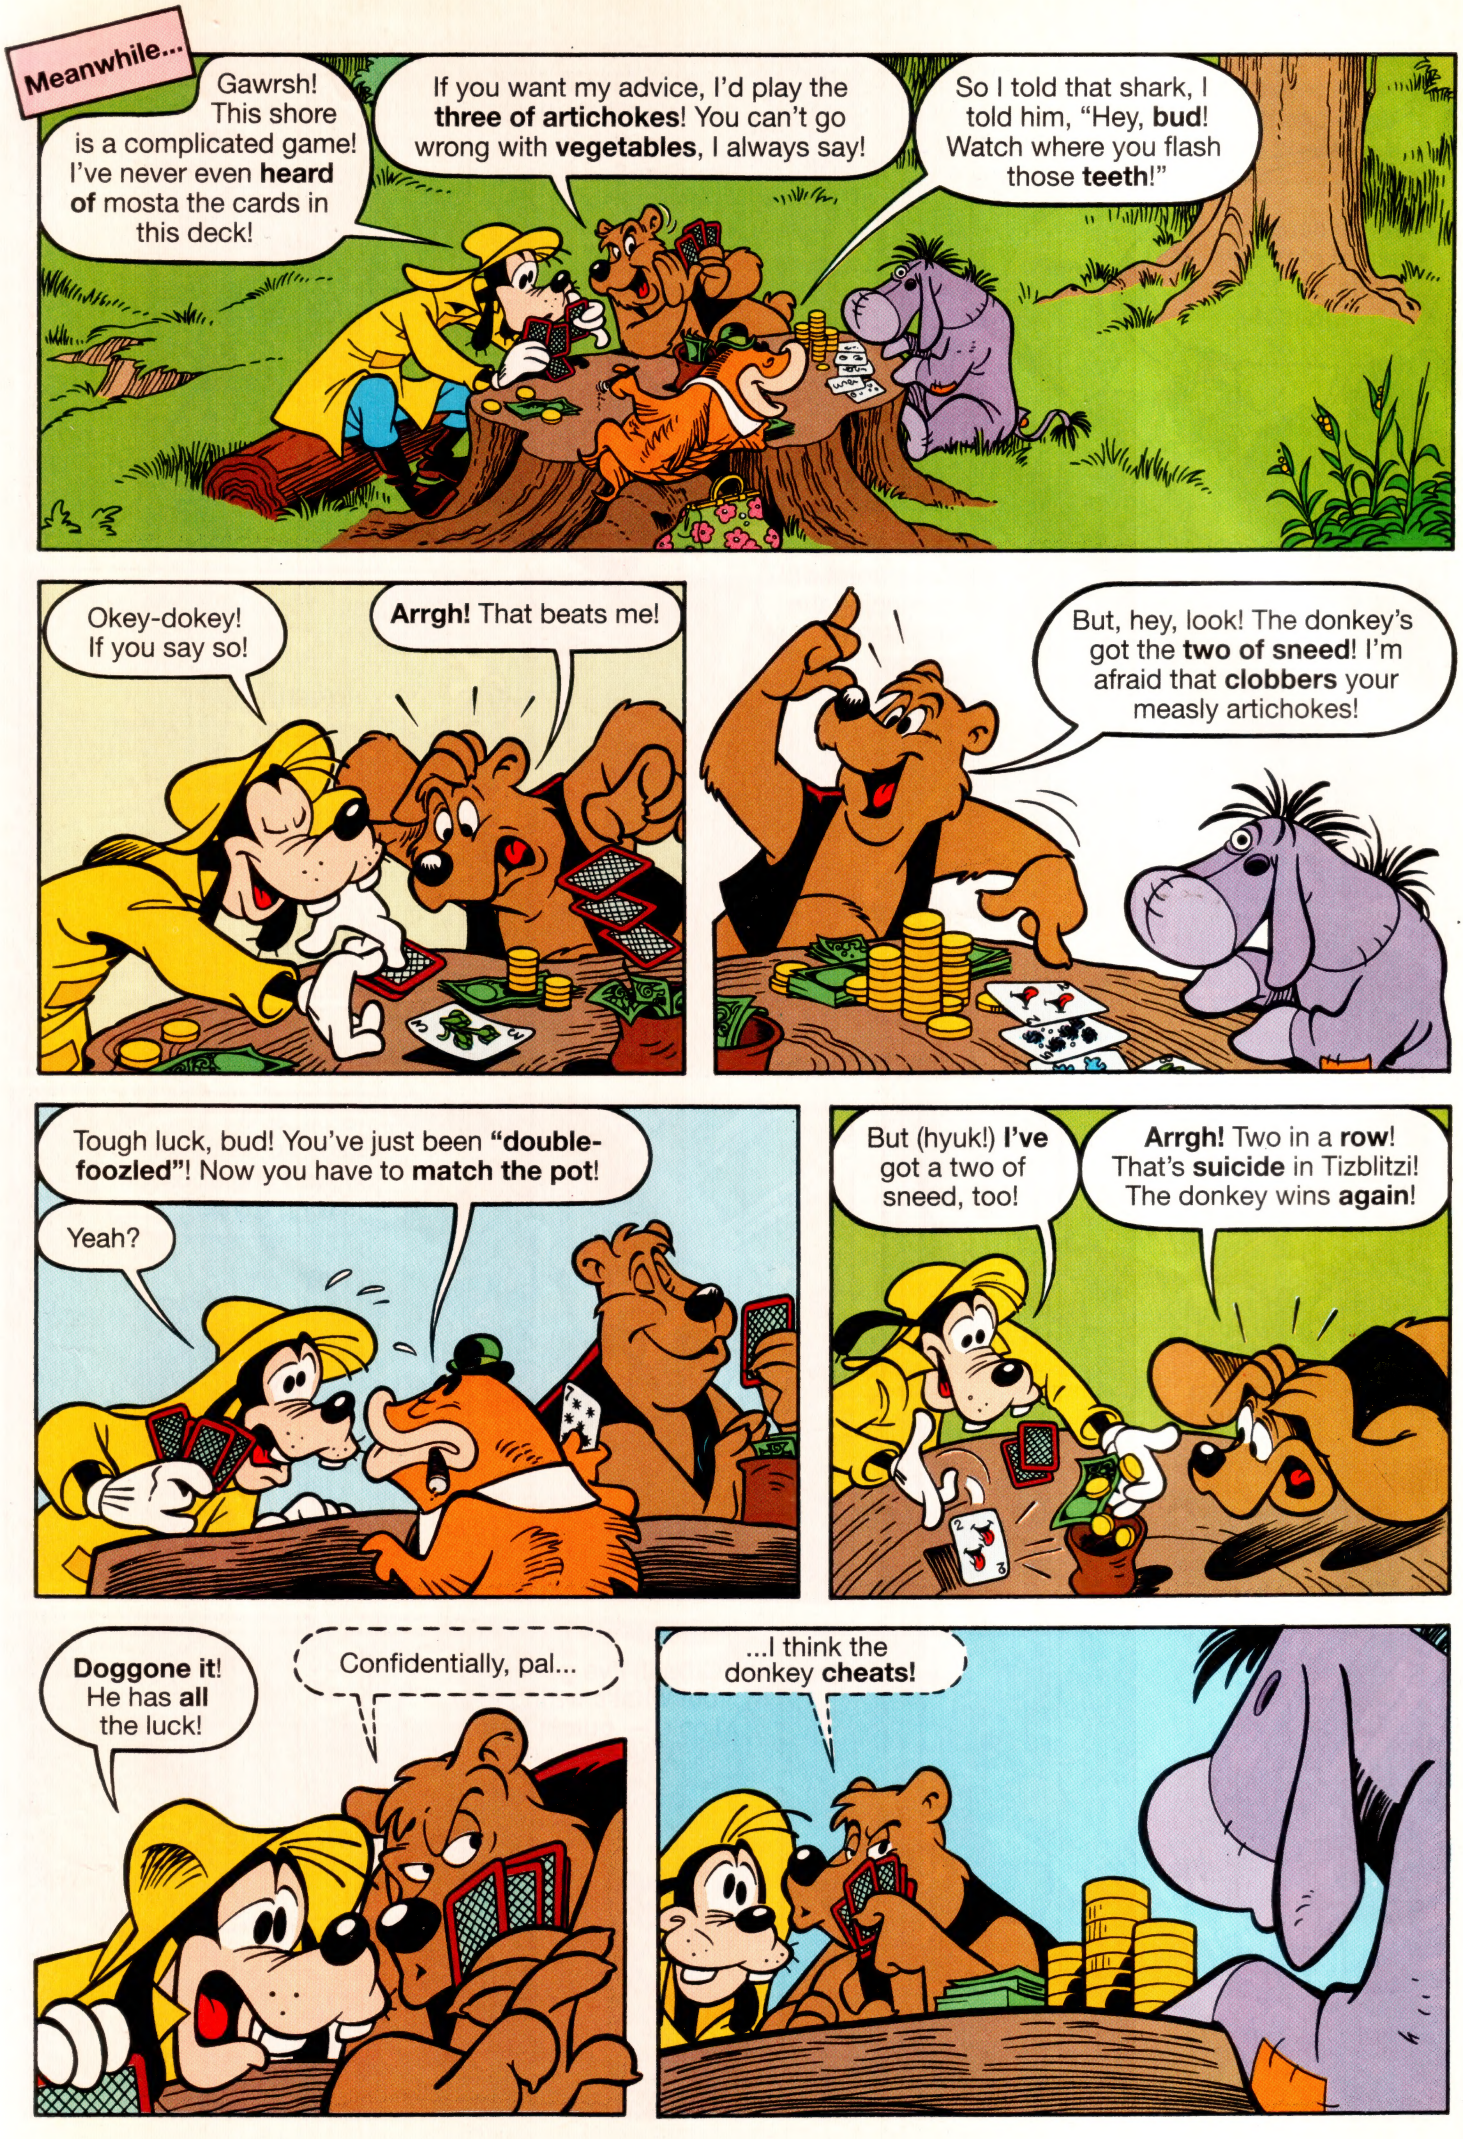
I'll have to **save** her before she gets **fried**!
ZZZTT!
ZZZTT!
Cripes! Minnie must've **panicked**! She's running the **wrong** way!
ZZZTT!
ZZZTT!
ZZZTTZ!
ZZZTT!
FLING!



BONK!
Bull's-eye!
(Gulp!) I'd be better off worrying about saving **myself**!

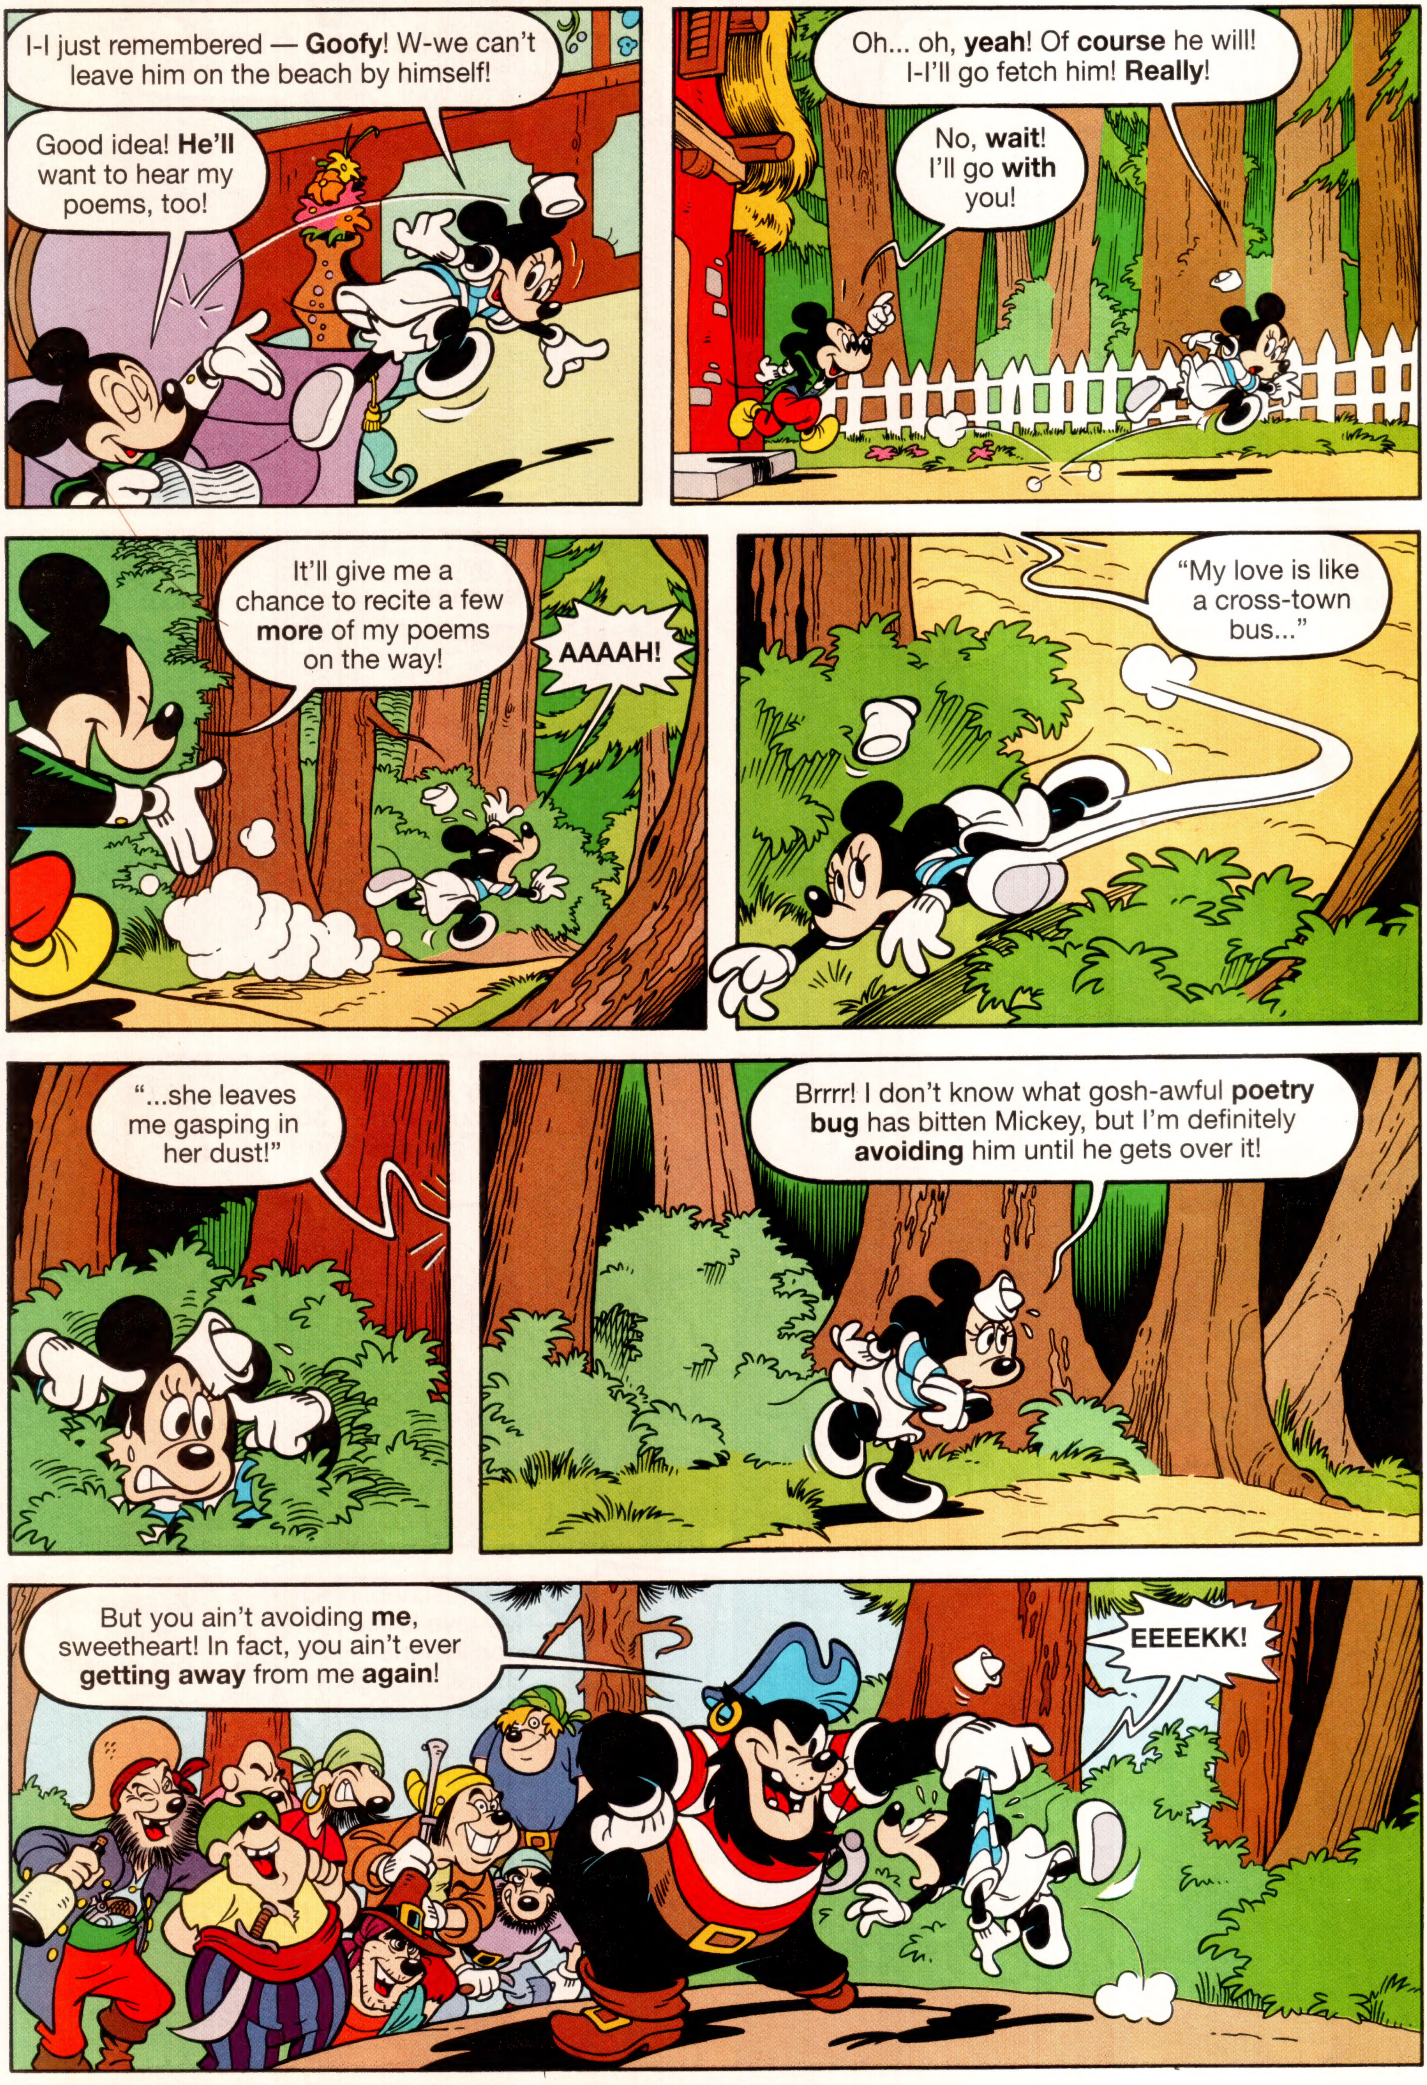


KA-RASH!
(Groan!) I've gotta find out what's wrong with Minnie — **quick**, before it **kills** me!
Some **fun**, eh, kiddo?



Meanwhile...
Gawrsh! This shore is a complicated game! I've never even **heard of** mosta the cards in this deck!
If you want my advice, I'd play the **three of artichokes**! You can't go wrong with **vegetables**, I always say!
So I told that shark, I told him, "Hey, **bud**! Watch where you flash those **teeth**!"
Okey-dokey! If you say so!
Arrgh! That beats me!
But, hey, look! The donkey's got the **two of sneed**! I'm afraid that **clobbers** your measly artichokes!
Tough luck, bud! You've just been **"double-foozled"**! Now you have to **match the pot**!
Yeah?
But (hyuk!) **I've** got a two of sneed, too!
Arrgh! Two in a **row**! That's **suicide** in Tizblitzi! The donkey wins **again**!
Doggone it! He has **all** the luck!
Confidentially, pal...
...I think the donkey **cheats!**

Back at the cottage...
Wow, what a **wonderful** lunch, Mickey! I didn't even know you could **cook**, much less make *coq au vin*!
It was nothing! Wait until you hear the **poem** I wrote for you!
A poem? You're **kidding**!
"My love is like the fairest flower — she brightens up my every hour!"
How **romantic**!
Don't get up! There's **more**!
More?
"My love is like the breath of spring - she makes the little robins sing!"
Very nice!
And more ...
"My love is like a precious pearl — **boy**, am I glad that she's **my** girl!"
Um...
And still more...
"My love is like a red, red rose - her sweet perfume tickles my nose!"
Oog!
And much, much more...
"My love is like the moon in June — she shines so brightly when we spoon!"
Ye cats! I've got to get **out** of here!



I-I just remembered — **Goofy**! W-we can't leave him on the beach by himself!
Good idea! **He'll** want to hear my poems, too!
Oh... oh, **yeah**! Of **course** he will! I-I'll go fetch him! **Really**!
No, **wait**! I'll go **with** you!
It'll give me a chance to recite a few **more** of my poems on the way!
AAAAH!
"My love is like a cross-town bus..."
"...she leaves me gasping in her dust!"
Brrrr! I don't know what gosh-awful **poetry bug** has bitten Mickey, but I'm definitely **avoiding** him until he gets over it!
But you ain't avoiding **me**, sweetheart! In fact, you ain't ever **getting away** from me **again**!
EEEEKK!

Yikes! Is this curtains for Minnie – or is she just dreaming? More next week!

Laugh of the Week

TAKE YOUR PLACES, PLEASE!

For a good dinner-time laugh get some strong string and tie the legs of the dining chairs together under the table. As everyone goes to sit down they'll find their chair is stuck fast. By the time they get them undone dinner could be cold!

I BETCHA ...

... I CAN DRINK UP!

Say to a friend: "I bet I can drink all the liquid in the glass without disturbing the sticking plaster across the top of it, and without spilling a drop!"

How to win your bet:
Just use a straw!

A RAINY DAY GAME

Bombing the coin

This game is all the rage just now at Duckburg Millionaire's Club, but you can also play it at home and at school! You must use an old table that can take a few scratches, though! Put a coin in the middle of the table. Two players take it in turns to throw a small ball - a rubber ball or a golf ball - at the coin with the object of knocking it off one side of the table. The player who actually knocks the coin off the table keeps it - which is why Uncle Scrooge can't stop playing! So you could need a few coins for this game as the action warms up!

Hey presto! Now you see it ... now you don't!

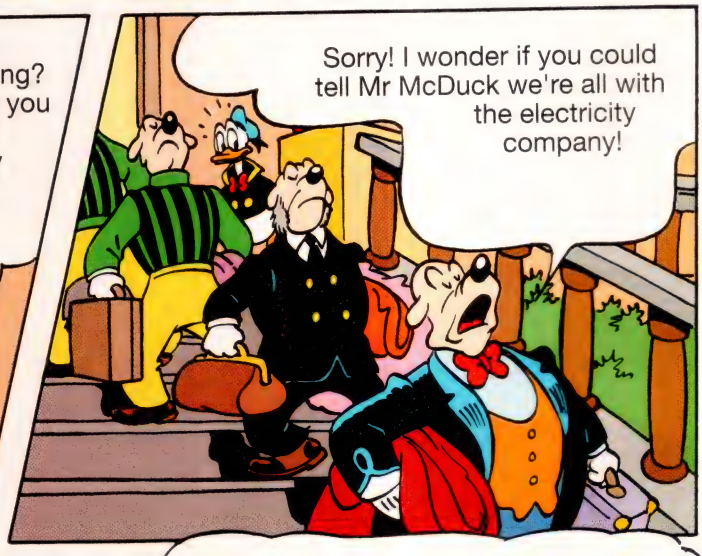
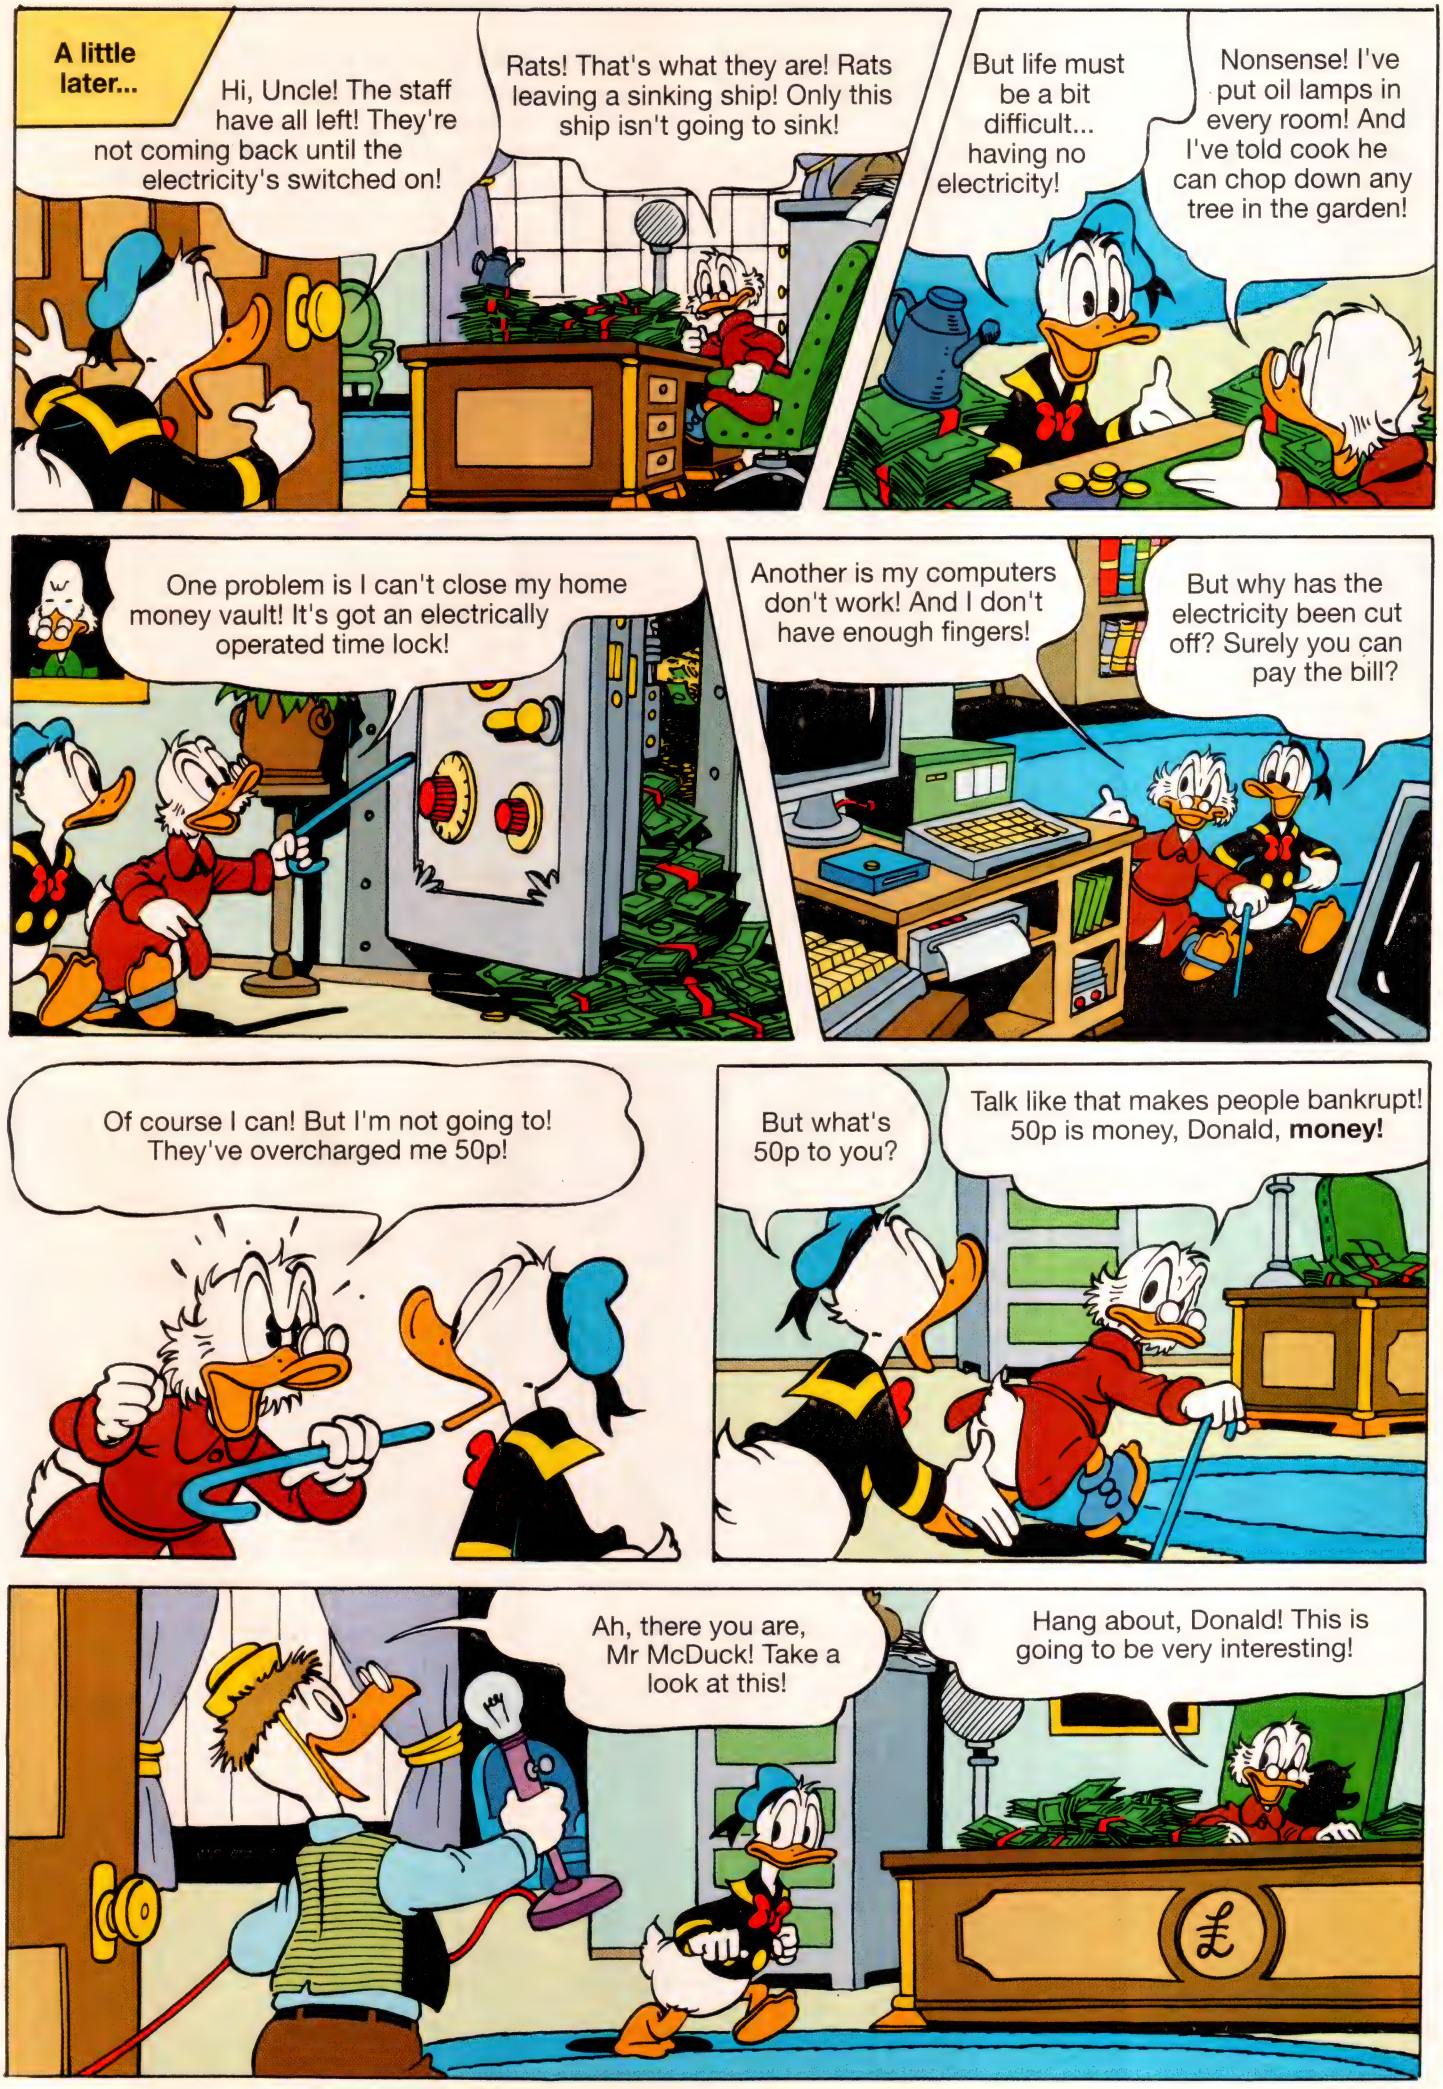
BELL
OUT OF ORDER
PLEASE
KNOCK
Typical Uncle Scrooge! I bet it isn't out of order! He's probably found out how much bells cost and doesn't want to wear it out!
D 92368

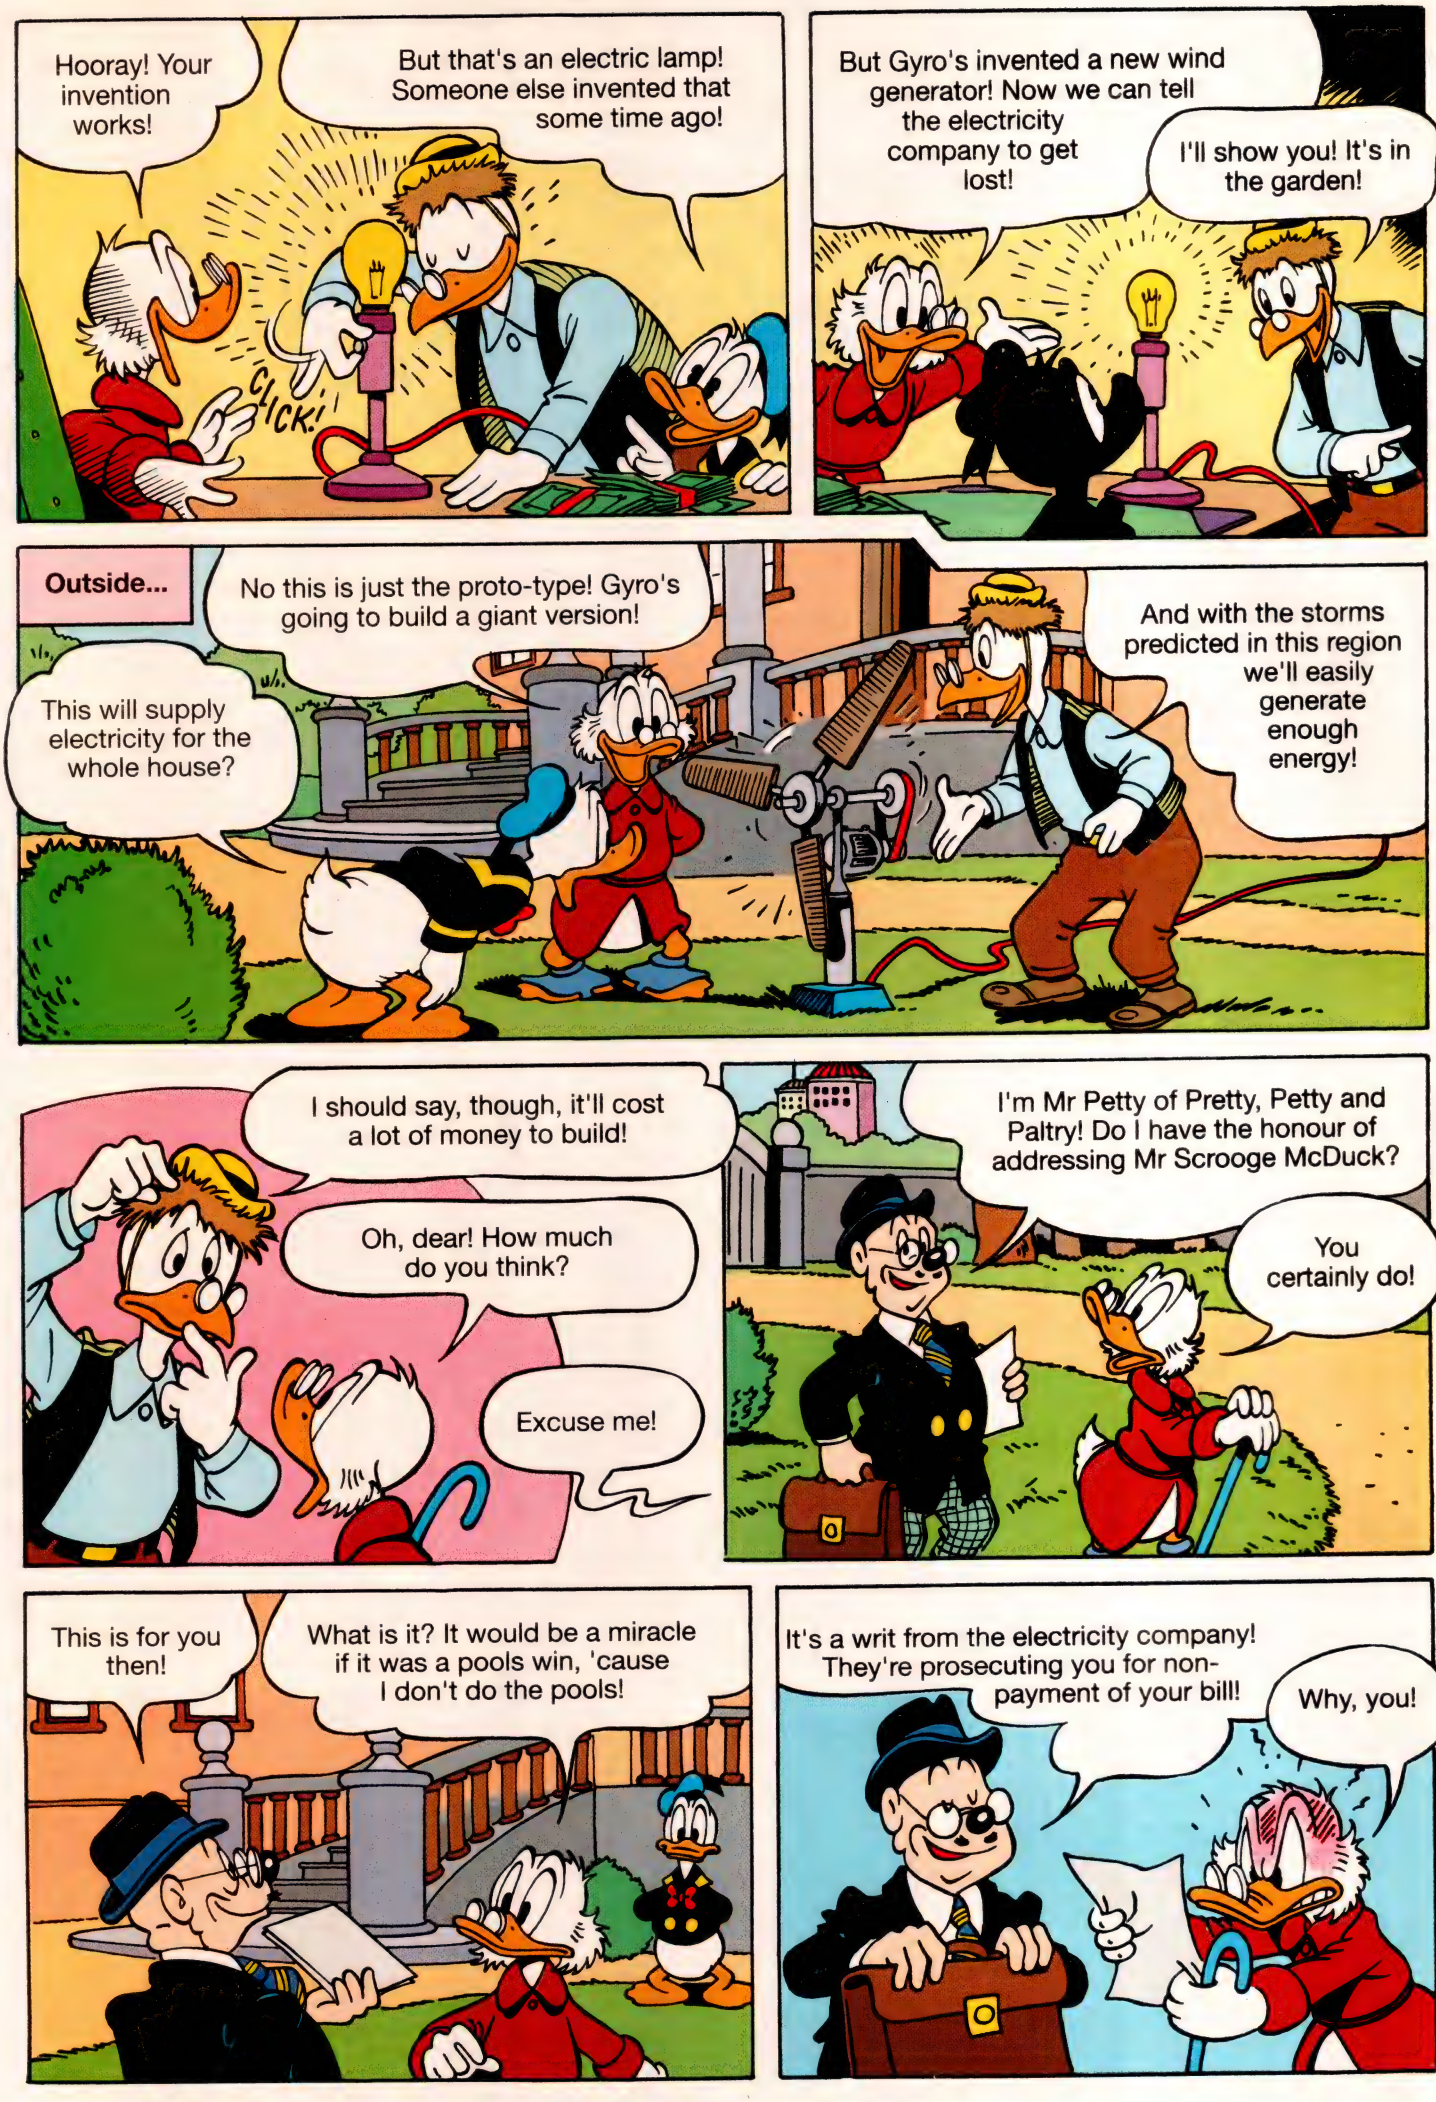
Ah, Mr Donald! I can't do anything for you I'm afraid - I'm leaving!
RAP! RAP!
Huh? Leaving? Well, before you go I wonder if you could tell my Uncle I'm here!



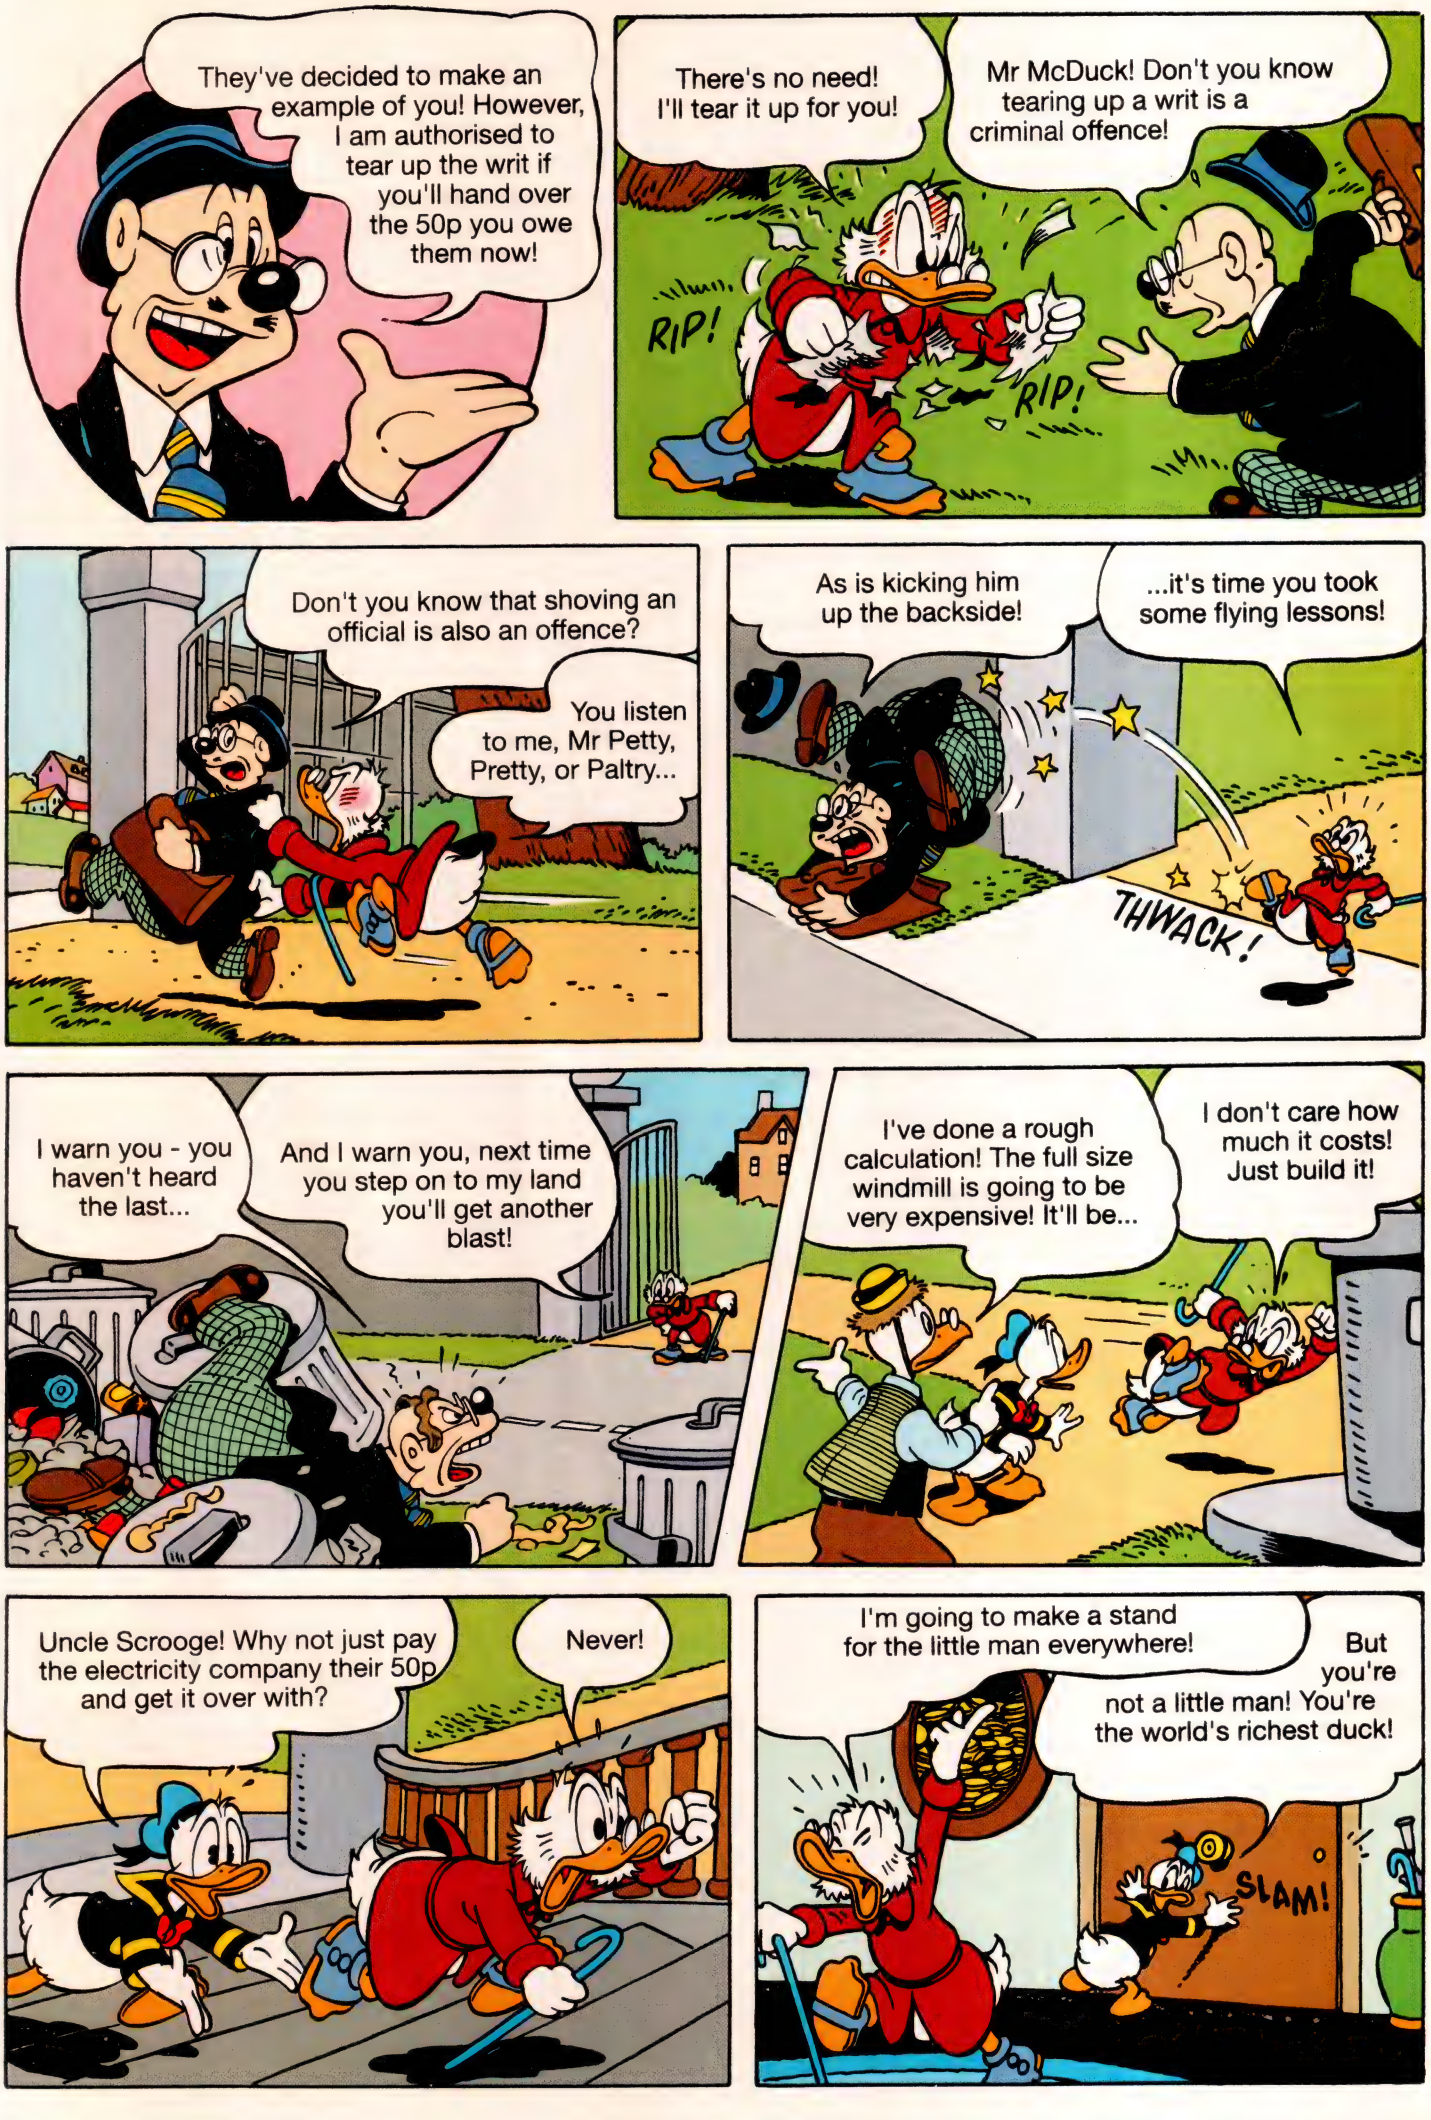
The electricity's been turned off! We can't use the vacuum cleaner or the washing machine...
...or our hair-dryers!
And I'm having to cook over a wood fire!



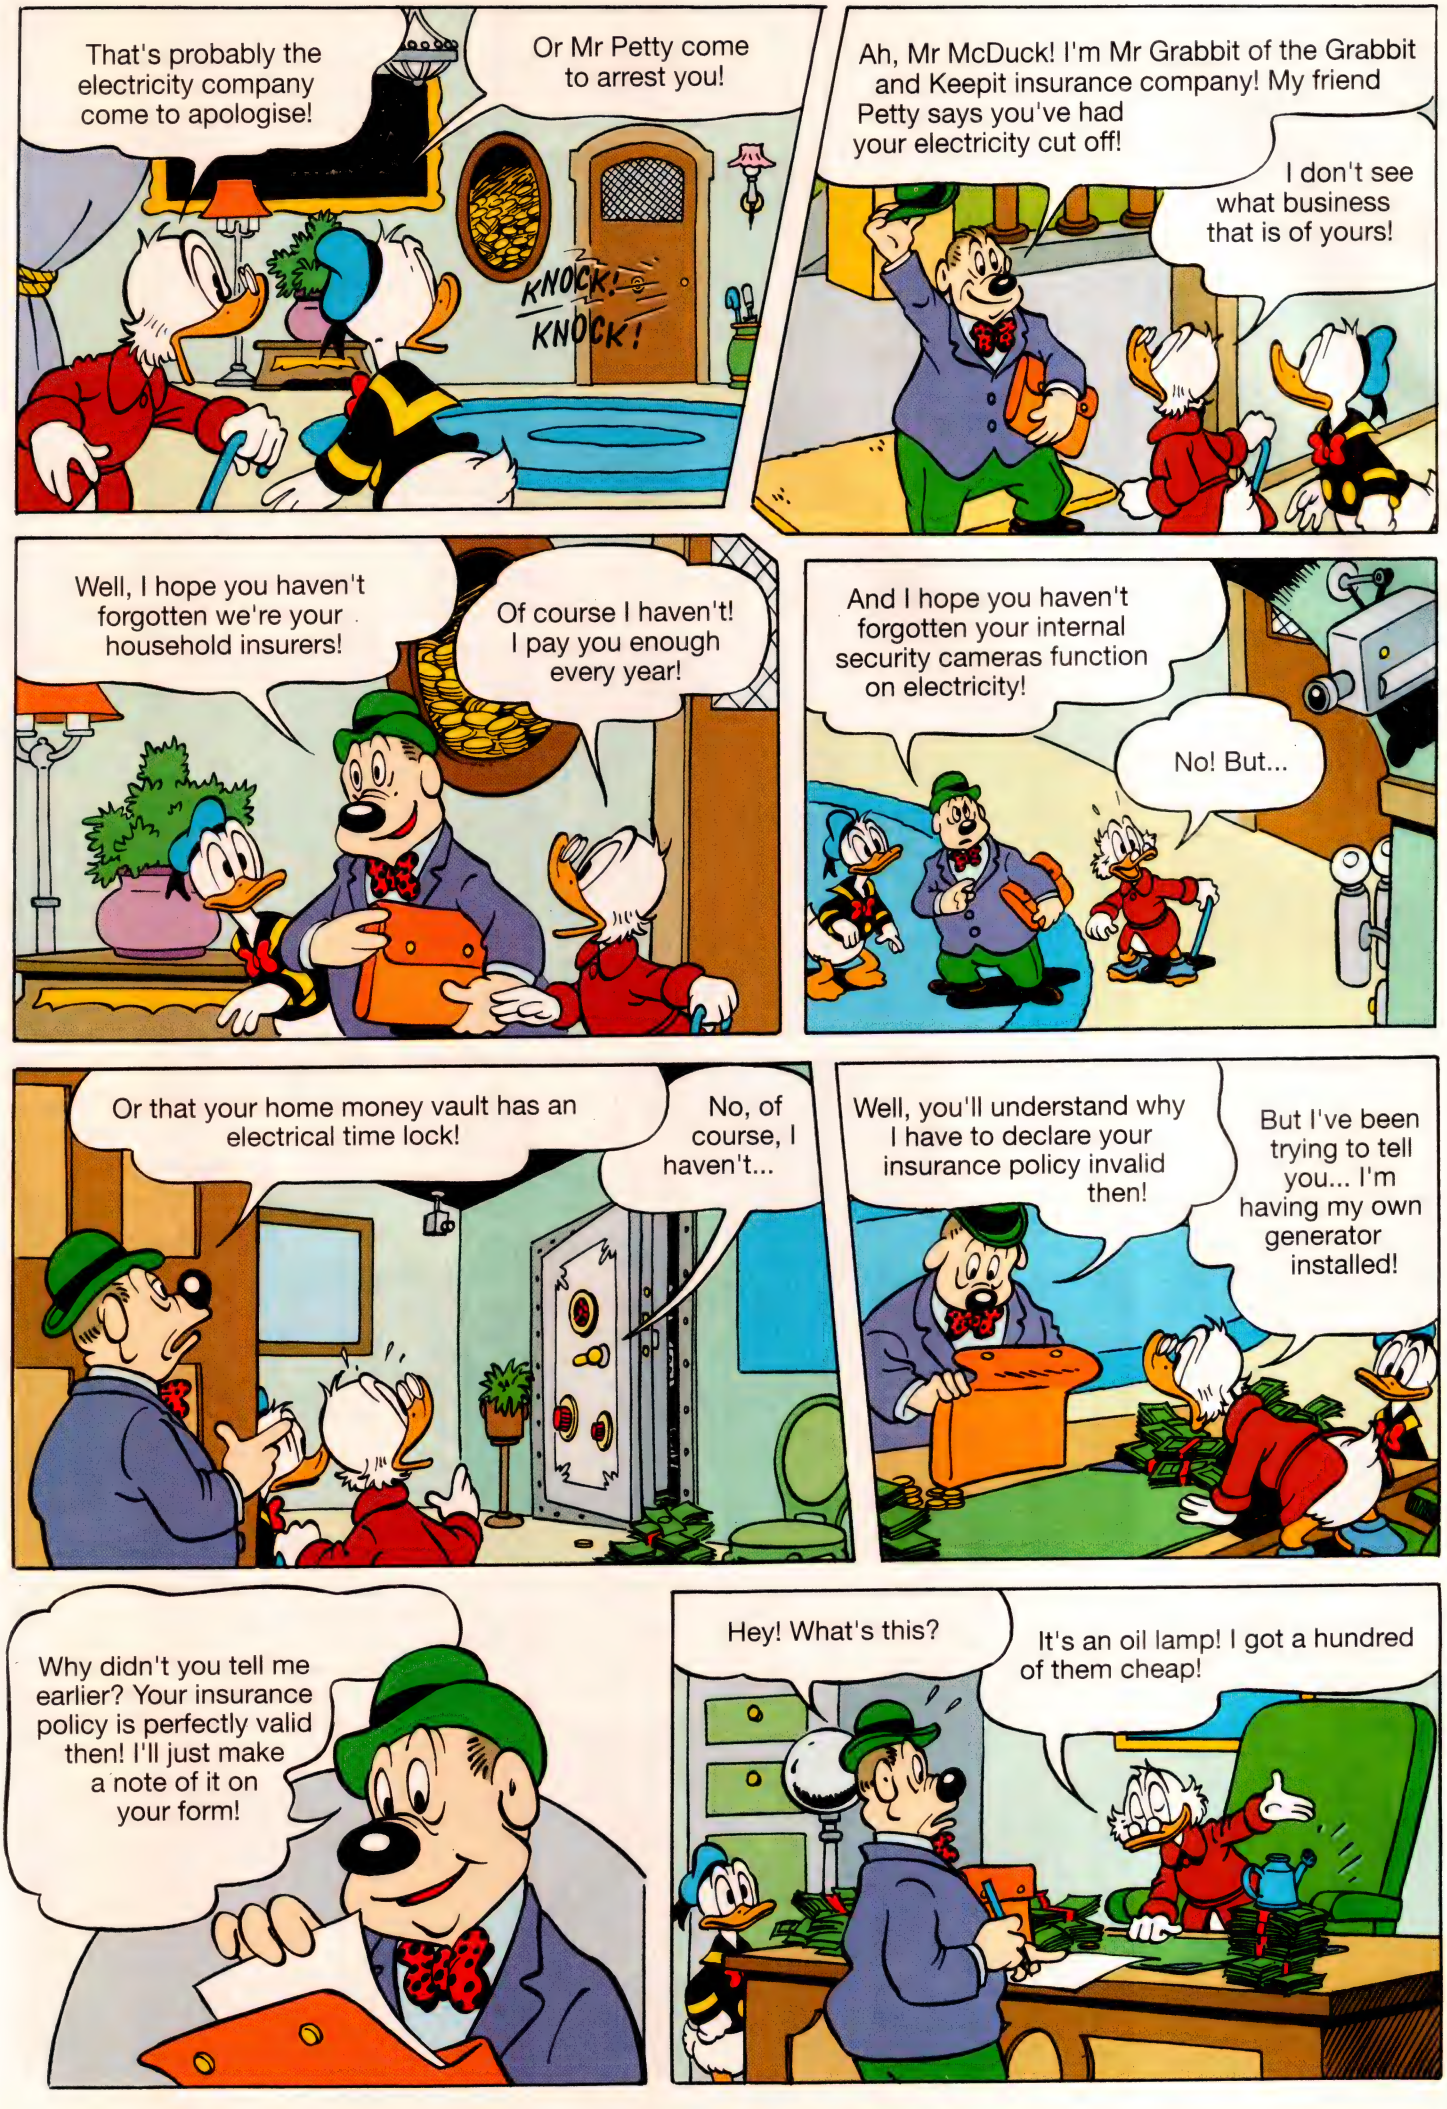
A little later...
Hi, Uncle! The staff have all left! They're not coming back until the electricity's switched on!
Rats! That's what they are! Rats leaving a sinking ship! Only this ship isn't going to sink!
But life must be a bit difficult... having no electricity!
Nonsense! I've put oil lamps in every room! And I've told cook he can chop down any tree in the garden!
One problem is I can't close my home money vault! It's got an electrically operated time lock!
Another is my computers don't work! And I don't have enough fingers!
But why has the electricity been cut off? Surely you can pay the bill?
Of course I can! But I'm not going to! They've overcharged me 50p!
But what's 50p to you?
Talk like that makes people bankrupt! 50p is money, Donald, **money!**
Ah, there you are, Mr McDuck! Take a look at this!
Hang about, Donald! This is going to be very interesting!
£



Hooray! Your invention works!
But that's an electric lamp! Someone else invented that some time ago!
CLICK!
But Gyro's invented a new wind generator! Now we can tell the electricity company to get lost!
I'll show you! It's in the garden!
Outside...
No this is just the proto-type! Gyro's going to build a giant version!
This will supply electricity for the whole house?
And with the storms predicted in this region we'll easily generate enough energy!
I should say, though, it'll cost a lot of money to build!
Oh, dear! How much do you think?
Excuse me!
I'm Mr Petty of Pretty, Petty and Paltry! Do I have the honour of addressing Mr Scrooge McDuck?
You certainly do!
This is for you then!
What is it? It would be a miracle if it was a pools win, 'cause I don't do the pools!
It's a writ from the electricity company! They're prosecuting you for non-payment of your bill!
Why, you!

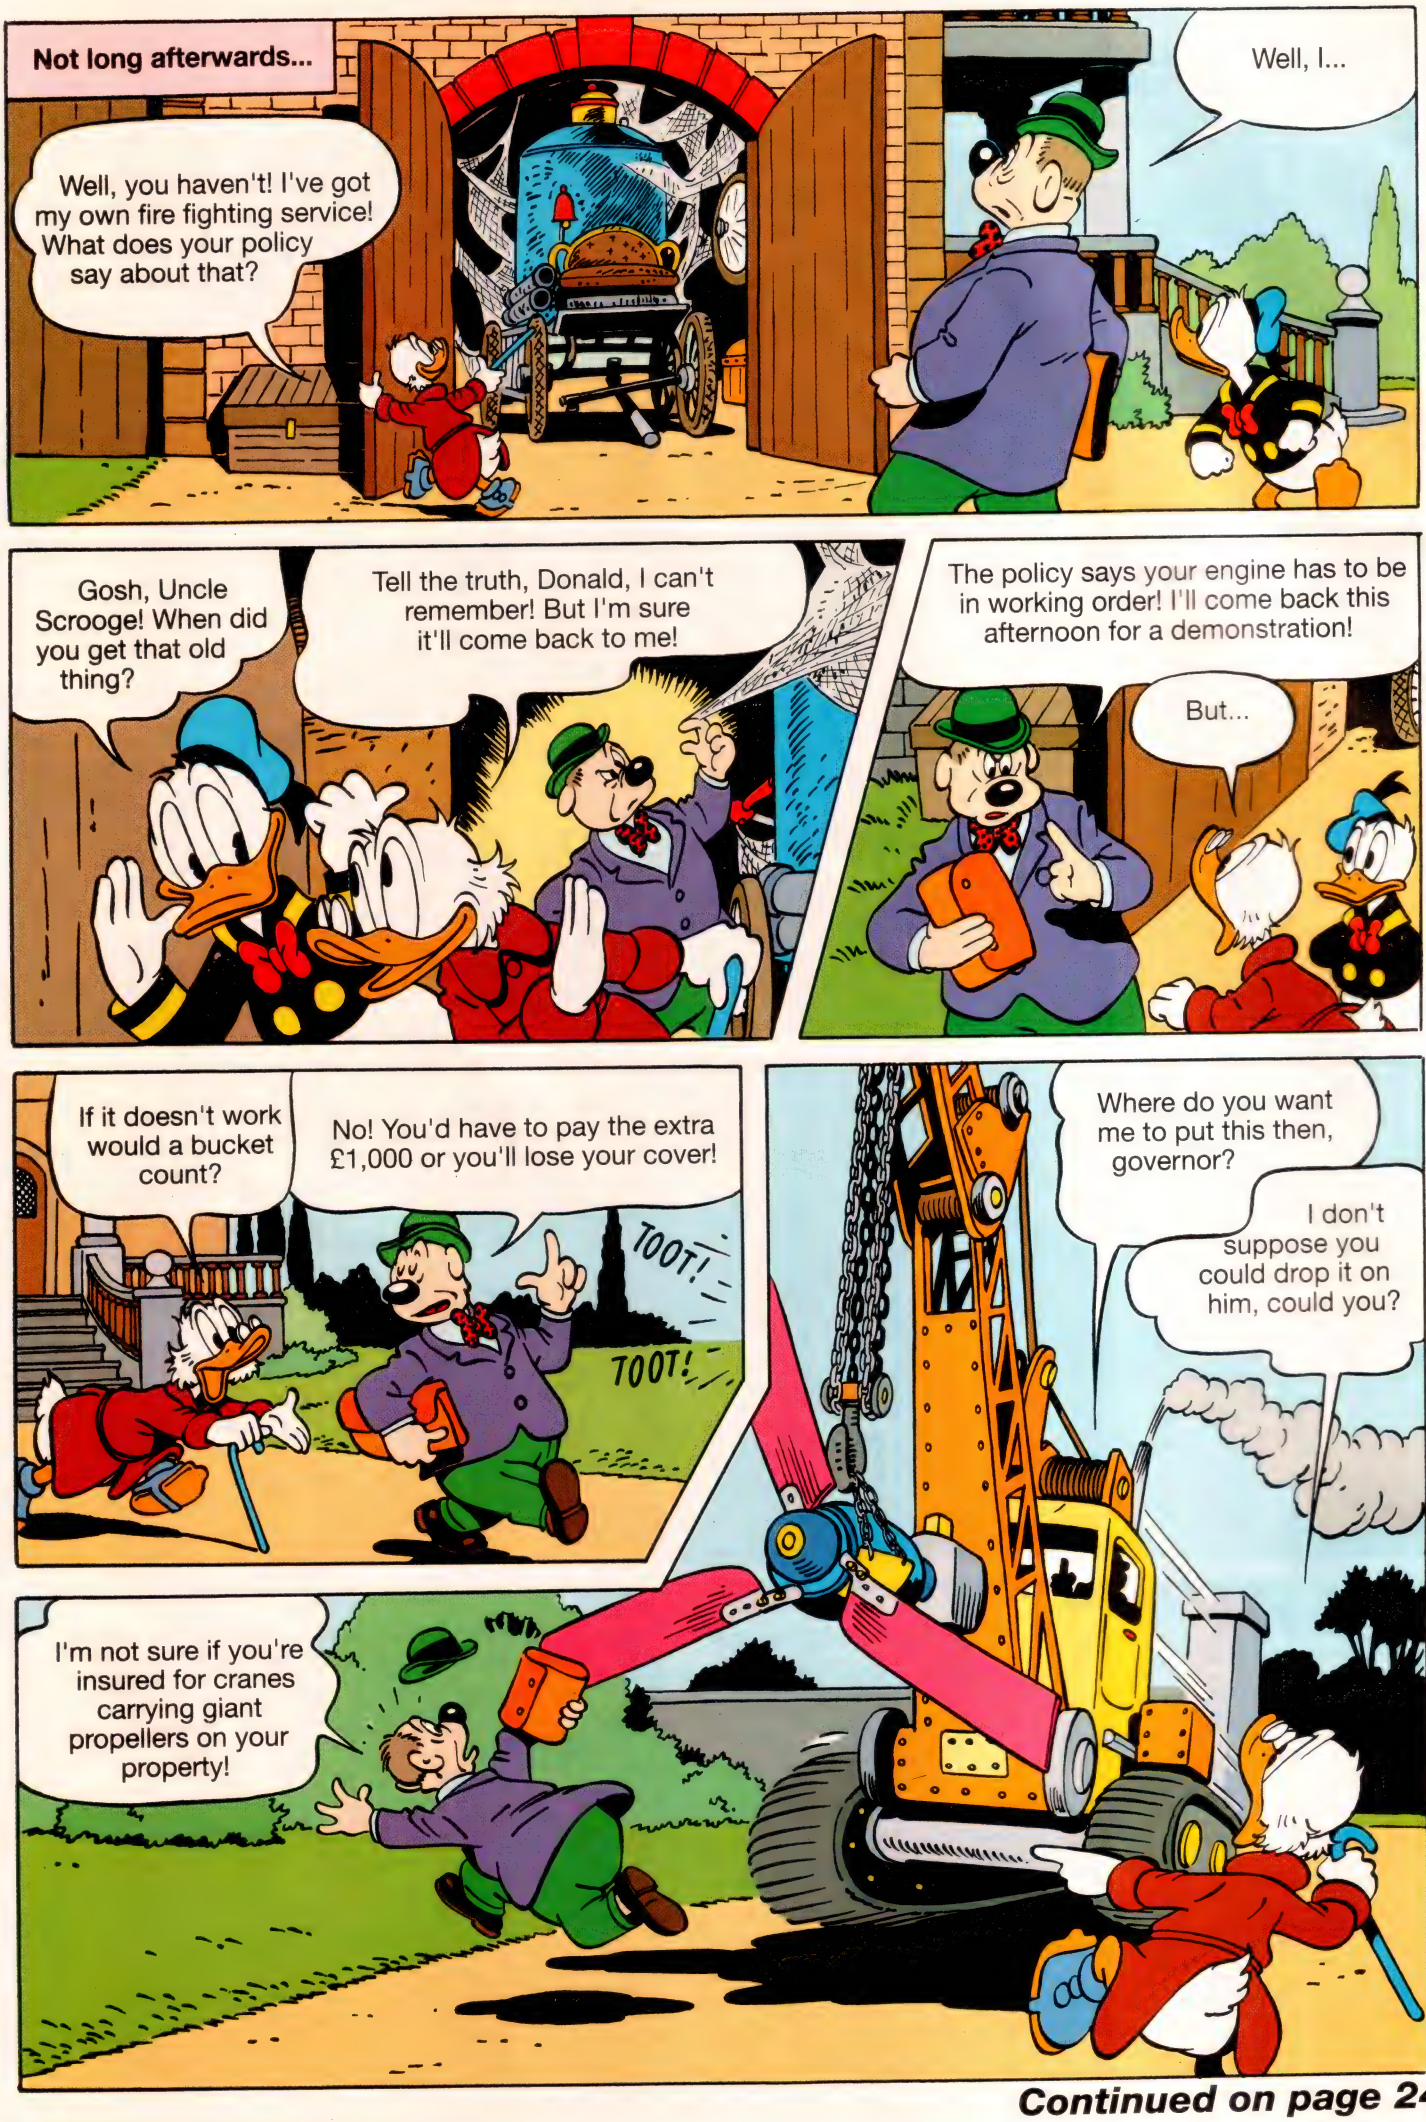


They've decided to make an example of you! However, I am authorised to tear up the writ if you'll hand over the 50p you owe them now!
There's no need! I'll tear it up for you!
Mr McDuck! Don't you know tearing up a writ is a criminal offence!
RIP!
RIP!
Don't you know that shoving an official is also an offence?
You listen to me, Mr Petty, Pretty, or Paltry...
As is kicking him up the backside!
...it's time you took some flying lessons!
THWACK!
I warn you - you haven't heard the last...
And I warn you, next time you step on to my land you'll get another blast!
I've done a rough calculation! The full size windmill is going to be very expensive! It'll be...
I don't care how much it costs! Just build it!
Uncle Scrooge! Why not just pay the electricity company their 50p and get it over with?
Never!
I'm going to make a stand for the little man everywhere!
But you're not a little man! You're the world's richest duck!
SLAM!



That's probably the electricity company come to apologise!
Or Mr Petty come to arrest you!
KNOCK! KNOCK!
Ah, Mr McDuck! I'm Mr Grabbit of the Grabbit and Keepit insurance company! My friend Petty says you've had your electricity cut off!
I don't see what business that is of yours!
Well, I hope you haven't forgotten we're your household insurers!
Of course I haven't! I pay you enough every year!
And I hope you haven't forgotten your internal security cameras function on electricity!
No! But...
Or that your home money vault has an electrical time lock!
No, of course, I haven't...
Well, you'll understand why I have to declare your insurance policy invalid then!
But I've been trying to tell you... I'm having my own generator installed!
Why didn't you tell me earlier? Your insurance policy is perfectly valid then! I'll just make a note of it on your form!
Hey! What's this?
It's an oil lamp! I got a hundred of them cheap!

Naked flames are a terrible fire hazard! And your sprinkler system's electric! I'm afraid you'll have to pay an extra £1,000 fire insurance!
WHAT?
Don't you think it would be easier to just pay the 50p?
No! This is a conspiracy between Pretty, Petty, and Paltry and Grabbit and Keepit! They're trying to victimise me!
Mr McDuck, I warn you...
And my sprinkler system doesn't run on electricity! I'll show you...
...it works on heat!
I'm not sure if this is a good idea... won't everything get...
...SOAKED?
See! What did I tell you?
I'll turn off the water at the mains!
Are you satisfied now?
Well, I hope you realise you're not covered for flood damage!
Your insurance policy insists on a direct electrical link to a fire fighting service!
You think you've got me there don't you?



Not long afterwards...
Well, you haven't! I've got my own fire fighting service! What does your policy say about that?
Well, I...
Gosh, Uncle Scrooge! When did you get that old thing?
Tell the truth, Donald, I can't remember! But I'm sure it'll come back to me!
The policy says your engine has to be in working order! I'll come back this afternoon for a demonstration!
But...
If it doesn't work would a bucket count?
No! You'd have to pay the extra £1,000 or you'll lose your cover!
TOOT!
TOOT!
Where do you want me to put this then, governor?
I don't suppose you could drop it on him, could you?
I'm not sure if you're insured for cranes carrying giant propellers on your property!

THE DUCKBURG GRAND PRIX

MICKEY'S PUZZLES

Uncle Scrooge, Donald and the nephews are all having a day out at the Duckburg Grand Prix. They're trying to match the pairs of cars up to find the odd one out. Can you help them find which one it is?

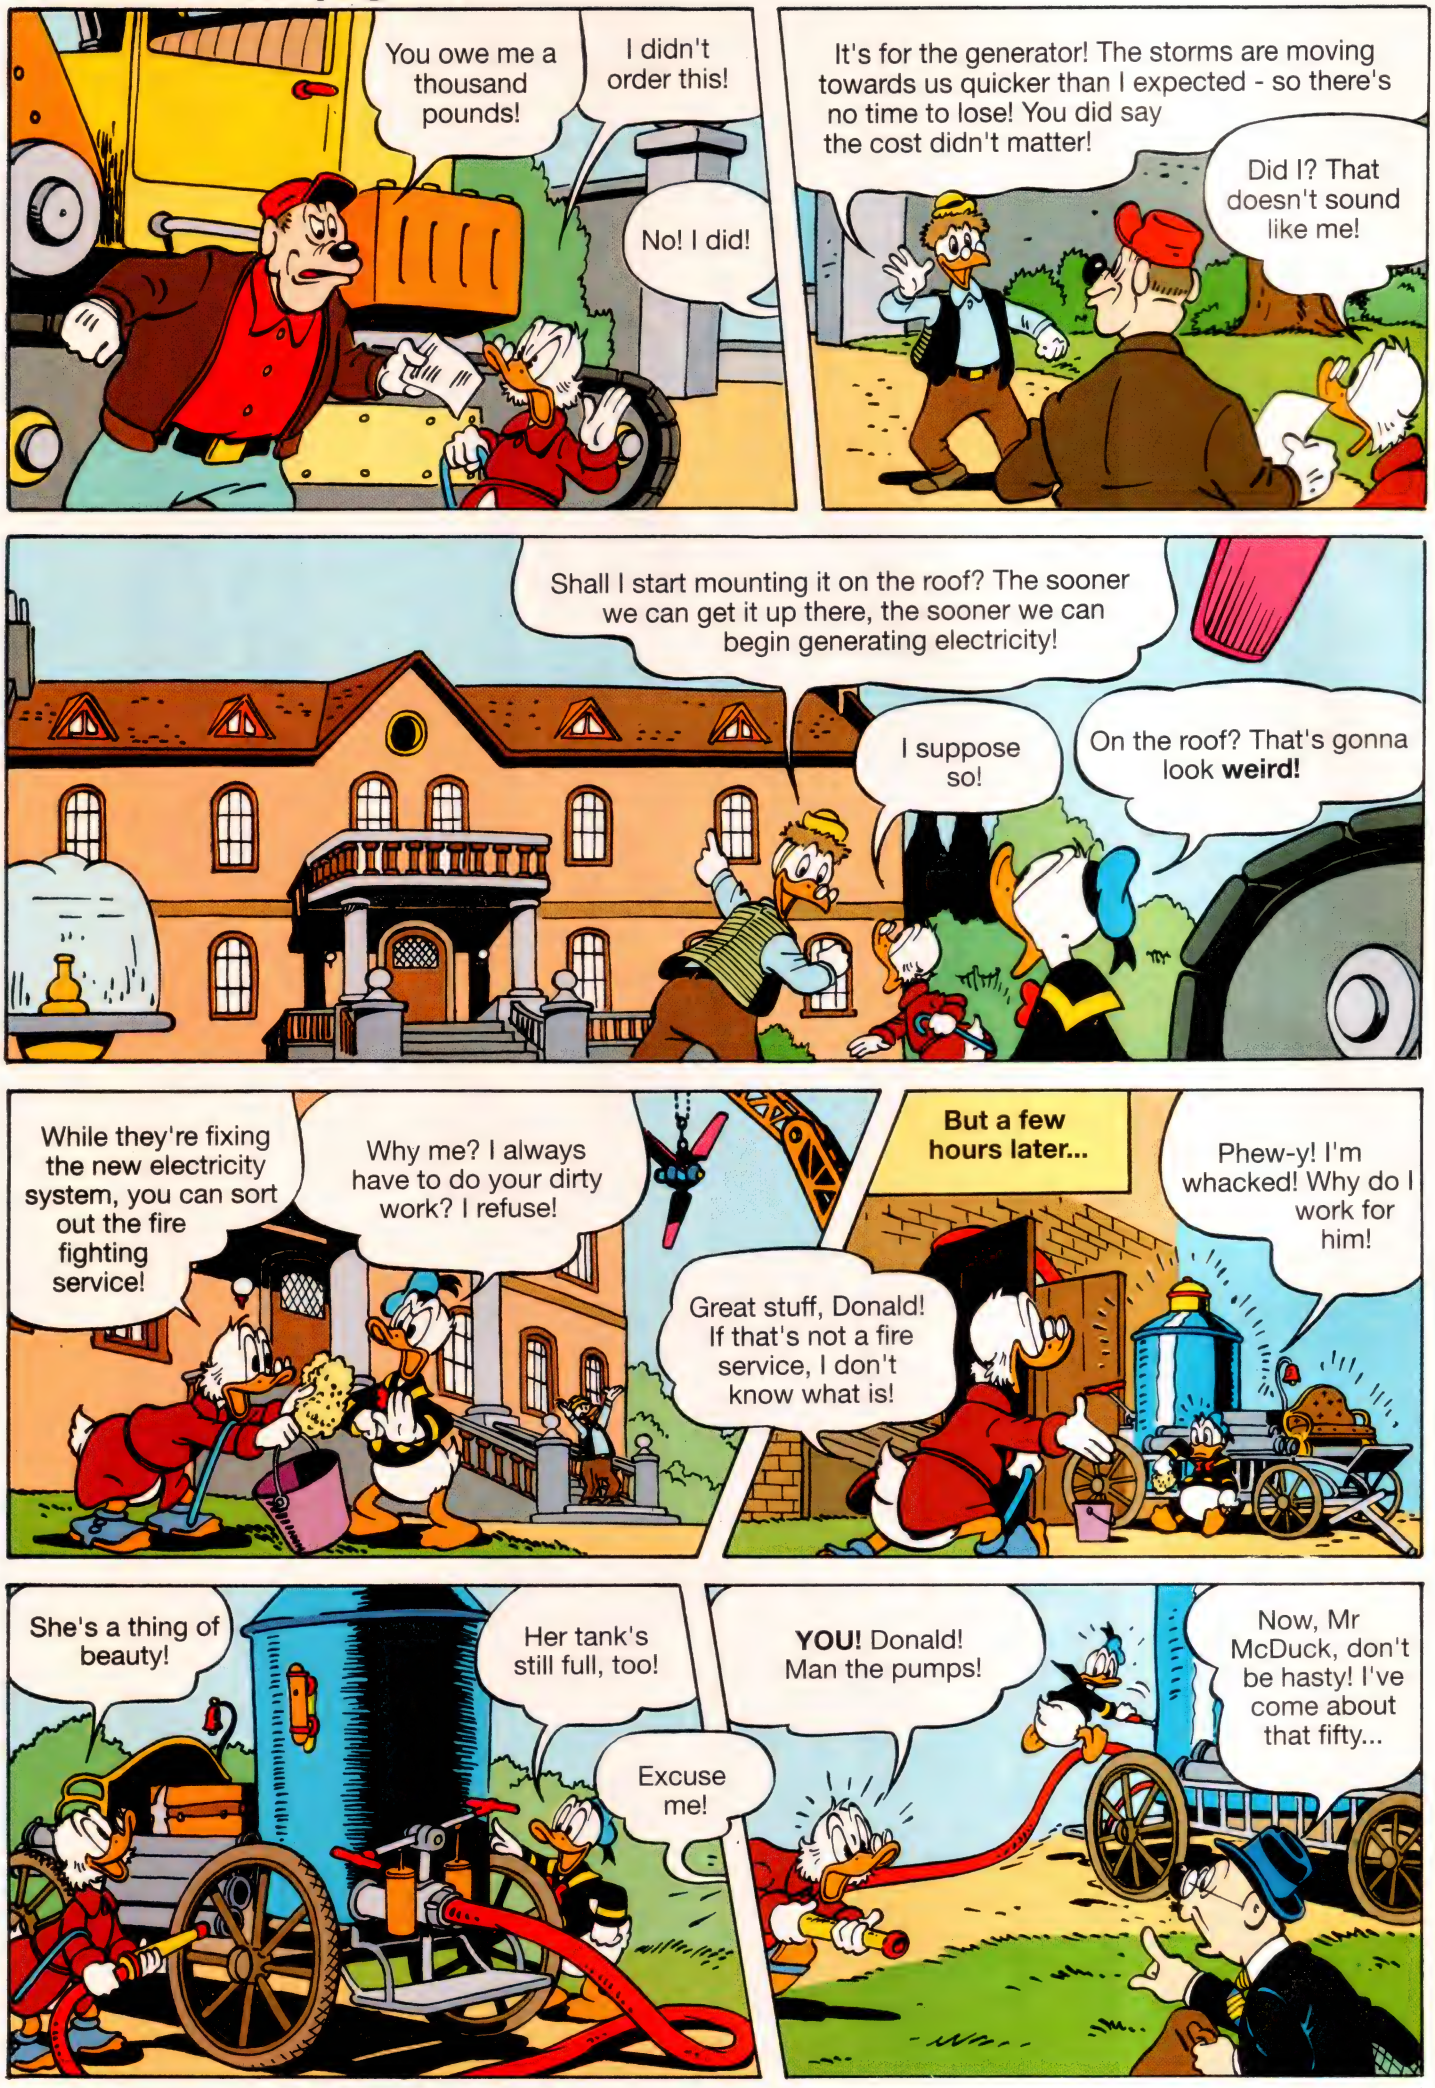
Each of the labels bears the name of a world famous racing car driver, but all the letters have got mixed up. Unjumble each set of letters to give all the drivers' names.

Now look at the maze on the right and work out which way the car must go to reach the chequered flag.

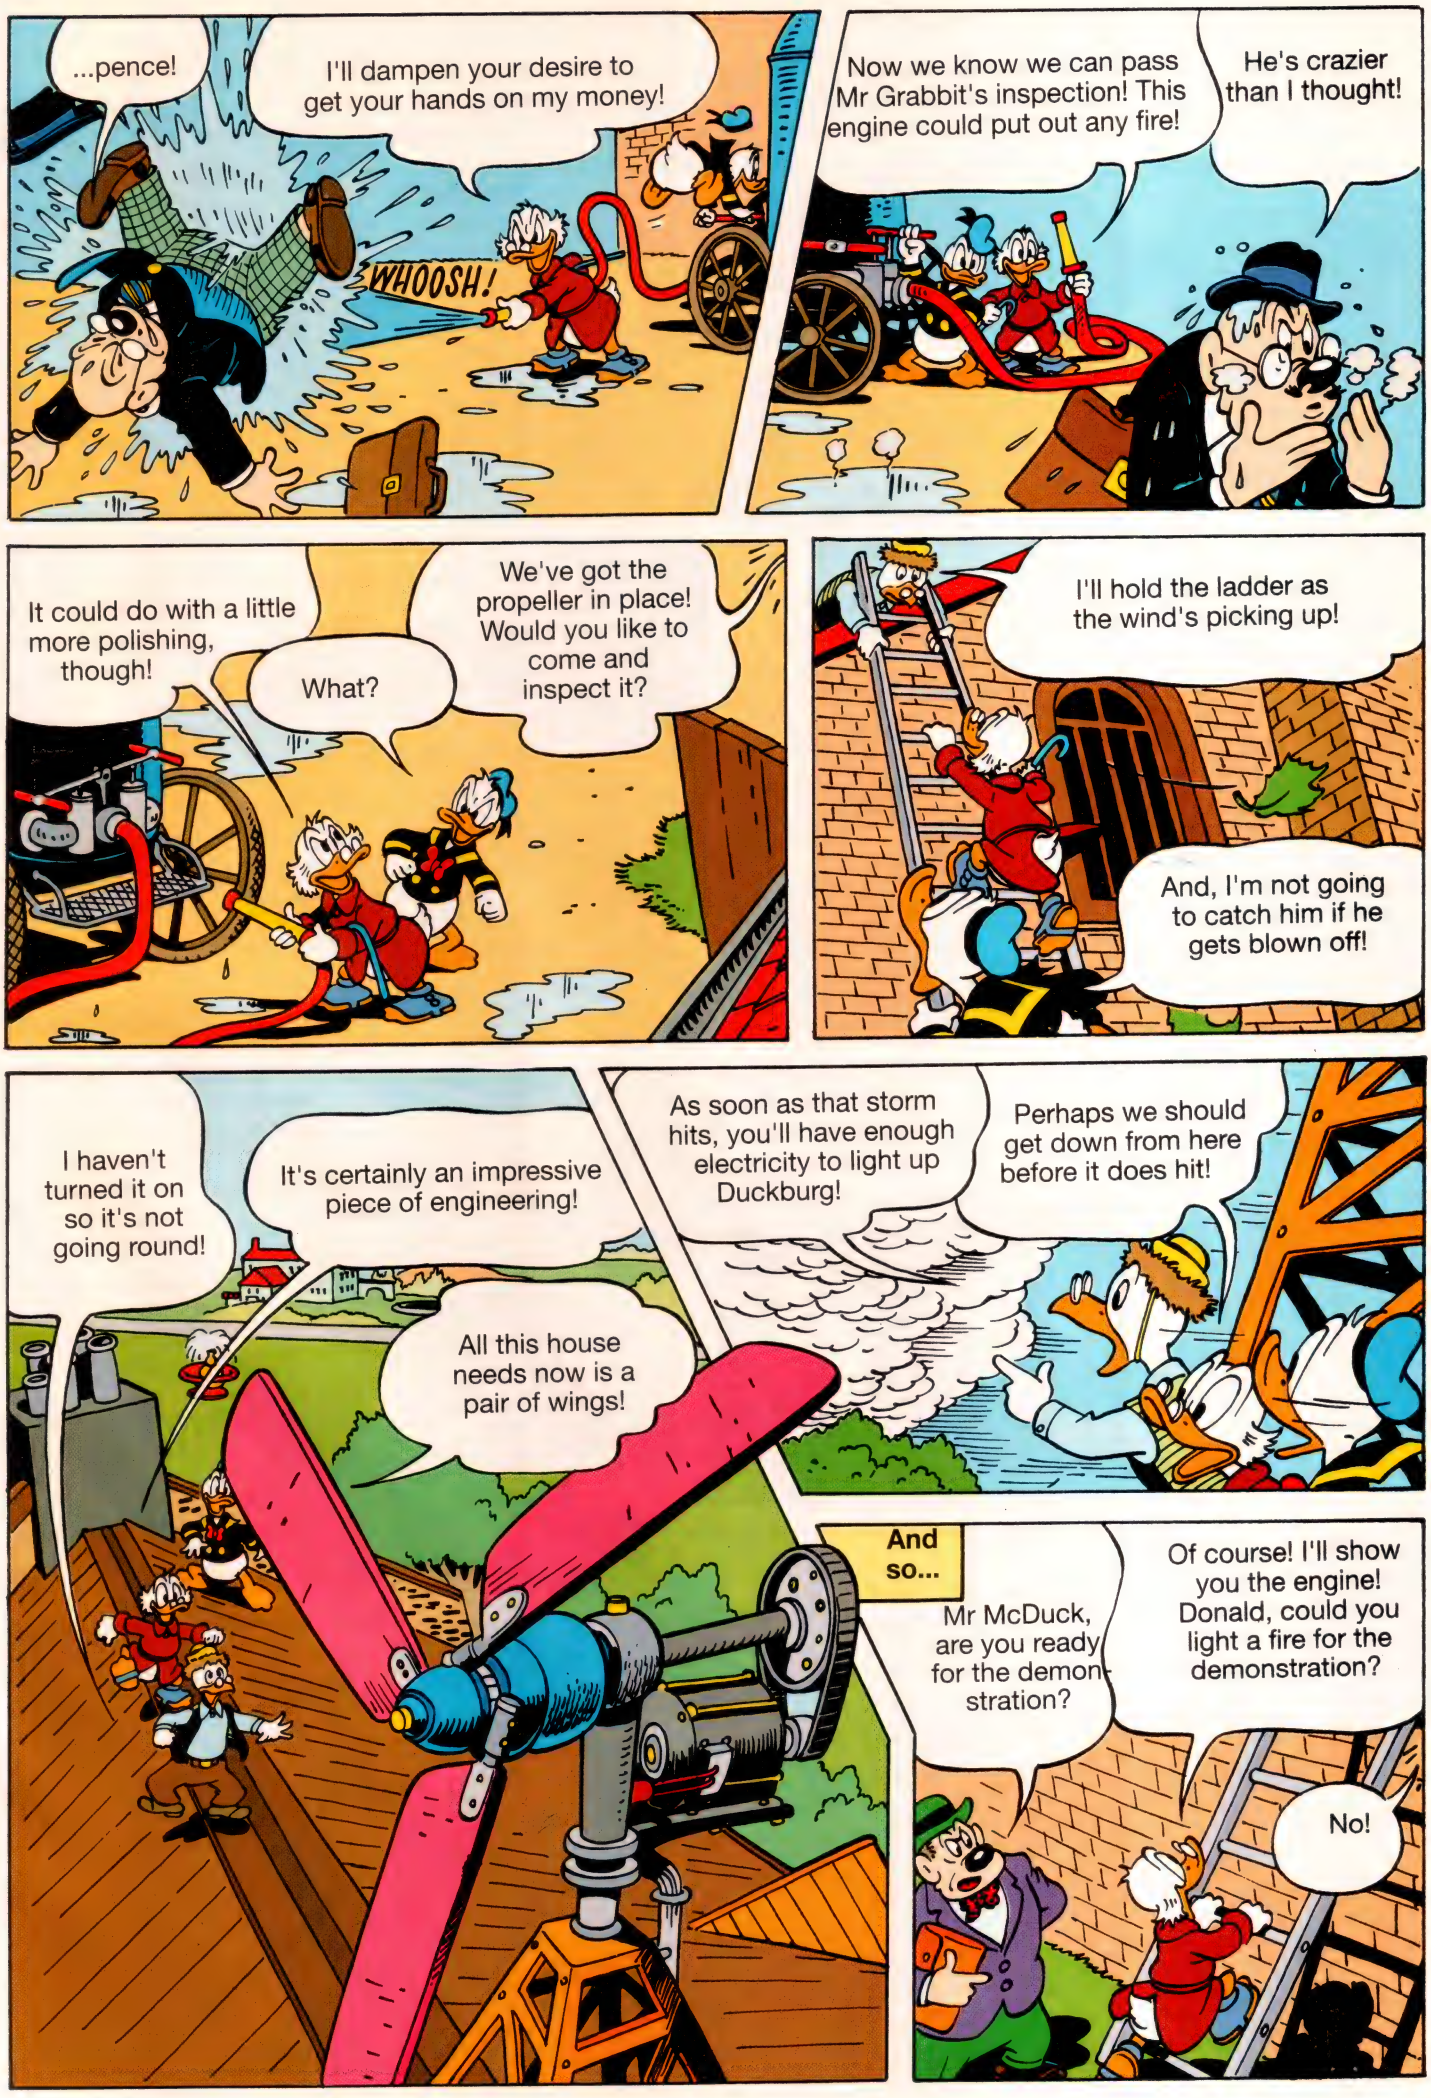
Finally, join the dots to see what the winner's prize is.

The answers are on page 31.

Continued from page 20

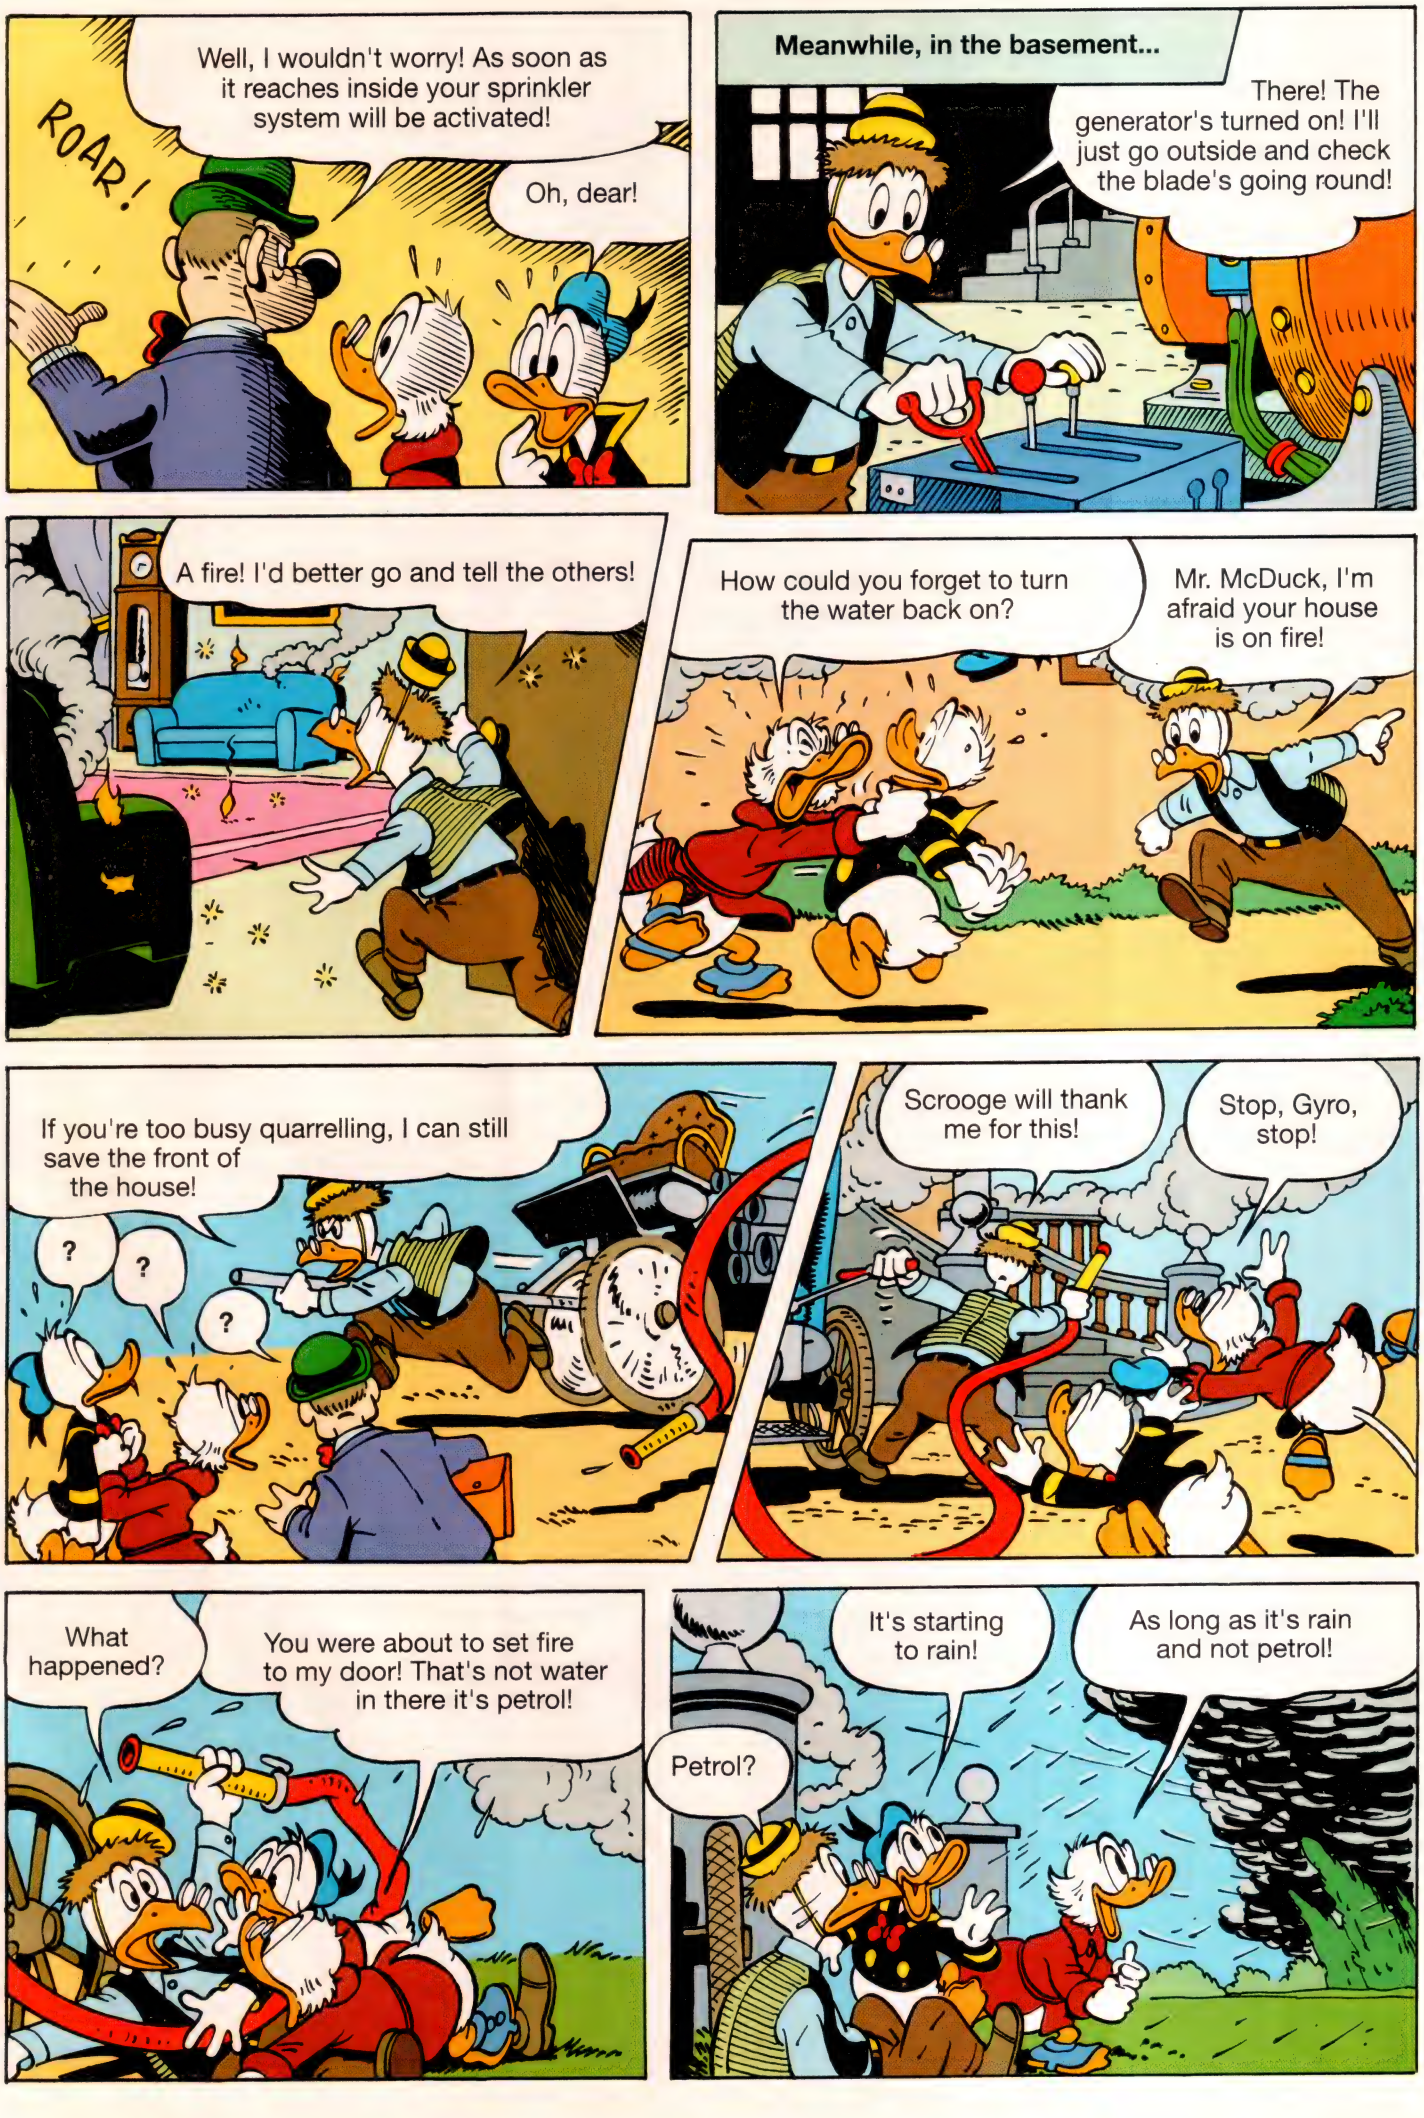


You owe me a thousand pounds!
I didn't order this!
No! I did!
It's for the generator! The storms are moving towards us quicker than I expected - so there's no time to lose! You did say the cost didn't matter!
Did I? That doesn't sound like me!
Shall I start mounting it on the roof? The sooner we can get it up there, the sooner we can begin generating electricity!
I suppose so!
On the roof? That's gonna look **weird!**
While they're fixing the new electricity system, you can sort out the fire fighting service!
Why me? I always have to do your dirty work? I refuse!
But a few hours later...
Great stuff, Donald! If that's not a fire service, I don't know what is!
Phew-y! I'm whacked! Why do I work for him!
She's a thing of beauty!
Her tank's still full, too!
Excuse me!
YOU! Donald! Man the pumps!
Now, Mr McDuck, don't be hasty! I've come about that fifty...



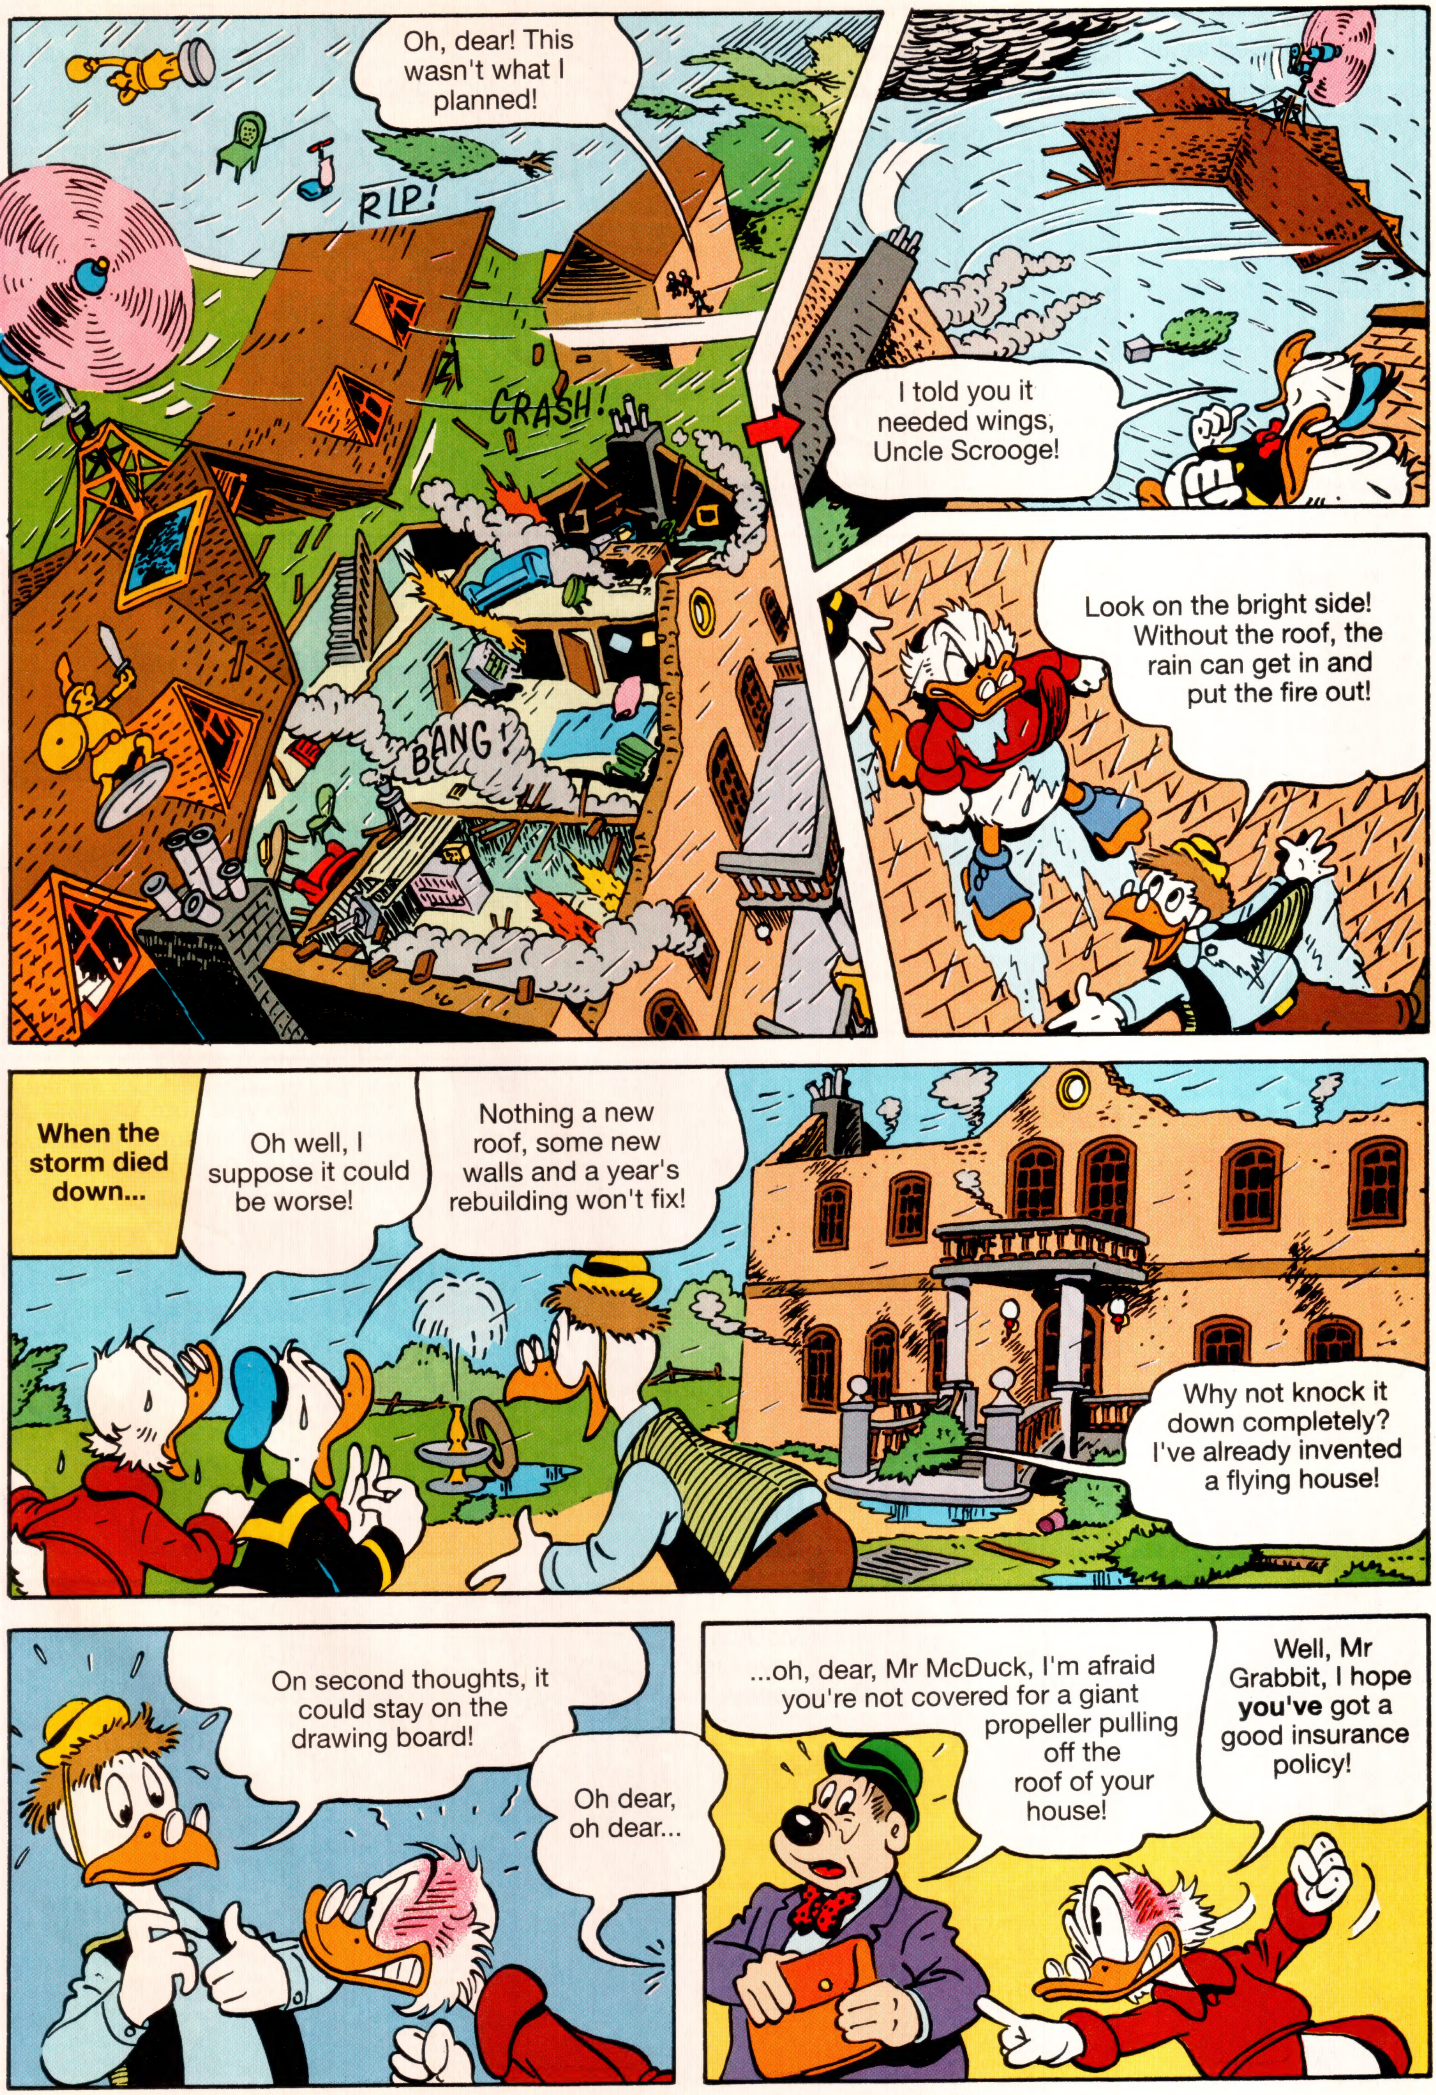
...pence!
I'll dampen your desire to get your hands on my money!
WHOOSH!
Now we know we can pass Mr Grabbit's inspection! This engine could put out any fire!
He's crazier than I thought!
It could do with a little more polishing, though!
What?
We've got the propeller in place! Would you like to come and inspect it?
I'll hold the ladder as the wind's picking up!
And, I'm not going to catch him if he gets blown off!
I haven't turned it on so it's not going round!
It's certainly an impressive piece of engineering!
All this house needs now is a pair of wings!
As soon as that storm hits, you'll have enough electricity to light up Duckburg!
Perhaps we should get down from here before it does hit!
And so...
Mr McDuck, are you ready for the demonstration?
Of course! I'll show you the engine! Donald, could you light a fire for the demonstration?
No!

Not long afterwards...
The wind's too strong! It keeps blowing the match out!
I wouldn't make your fire there! Make it round the back of the house!
You would know! You're the genius after all!
Come on, Donald! The fire-engine's ready! Where's the fire?
At the back of the house!
About time too! Man the pumps! I think you'll be impressed by this, Mr Grabbit!
CRACKLE!
Pump harder, Donald! It's getting out of control!
WHOOMPH!
Quick! More water! More water!
Well, if you can't put out a little fire like that!
ROAR!
ROAR!
What are you doing? Get back to your station! Can't you see we need more water?
It's not water we're squirting on the fire - it's **petrol!**
Ye-ow! I remember now! I bought that fire engine when petrol prices were low so I could store petrol in its tank and save money!
ROAR!



Well, I wouldn't worry! As soon as it reaches inside your sprinkler system will be activated!
ROAR!
Oh, dear!
Meanwhile, in the basement...
There! The generator's turned on! I'll just go outside and check the blade's going round!
A fire! I'd better go and tell the others!
How could you forget to turn the water back on?
Mr. McDuck, I'm afraid your house is on fire!
If you're too busy quarrelling, I can still save the front of the house!
? ? ?
Scrooge will thank me for this!
Stop, Gyro, stop!
What happened?
You were about to set fire to my door! That's not water in there it's petrol!
Petrol?
It's starting to rain!
As long as it's rain and not petrol!

Looks like the wind's picking up, too!
The wind! Of course! I came out here to look at the generator!
WHIRRR!
Not good! A wind this strong is almost statistically impossible!
So how is it looking?
Tell that to the wind!
Maybe the rain will put the fire out!
I doubt it! It'll just run off the roof!
Maybe the wind will blow the fire out!
I doubt it! It'll probably just fan the flames!
So what's going to happen?
I don't know! But I'm a bit worried!
You're worried!
Well I reckon what's going to happen is about to happen now!
CRACK!
THWACK!



Oh, dear! This wasn't what I planned!
RIP!
CRASH!
BANG!
I told you it needed wings, Uncle Scrooge!
Look on the bright side! Without the roof, the rain can get in and put the fire out!
When the storm died down...
Oh well, I suppose it could be worse!
Nothing a new roof, some new walls and a year's rebuilding won't fix!
Why not knock it down completely? I've already invented a flying house!
On second thoughts, it could stay on the drawing board!
Oh dear, oh dear...
...oh, dear, Mr McDuck, I'm afraid you're not covered for a giant propeller pulling off the roof of your house!
Well, Mr Grabbit, I hope you've got a good insurance policy!

I'm covered for all sorts of mayhem!
Like for having your legs tied around your head?
Mr McDuck, about that 50p...
Not you as well! Oh, all right, I give in!
And so...
There you are! There's your 50p! I suppose I'm lucky you didn't want more since all my banknotes have been burnt!
No, no, you've got it wrong, as I was trying to tell you before you squirted petrol all over me...
...the electricity company made a mistake in their accounting! You don't owe them 50p...
...they owe **you** 50p! You overpaid! They've authorised me to return the money along with their apologies!
There's just no pleasing some people!
Poor Mr McDuck! He must have lost a lot of money!
Wait till he wakes up! He'll want the interest on that 50p!

If you want lessons, I could help you as I have dance lessons!
Lots of love **Sally**, Richmond.
Hi, Sally! Mickey tried to teach me to dance just before a summer ball in Duckburg. Unfortunately I'm not very good. Have you tried dancing with webbed feet? I think I'll stick to swimming! Love, Donald.

Thank you to **Laura Graham** of Merseyside for this sporting picture. It looks like Goofy's just won his game of baseball!
